LE COUNTERS

How, When, Where and What to Plant

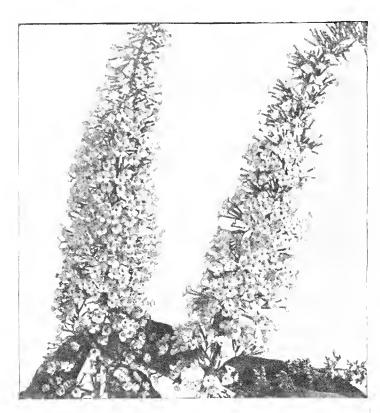

B) 25 BCUUNTUUS Established 1892

LANCASTER, PA.

In the Garden Spot of America where Plants attain Perfection

CREAM OF THE NEW INTRODUCTIONS

Ile de France—NEW BUDDLEIA

Greater Brilliance of Color

Bears great quantities of showy flower trusses, 6 to 9 inches long, thickly set with sweetly fragrant, small flowers, colored a charming rosy violet-purple. Begins blooming in July, continuing until heavy frost. Becomes a splendid, well-rounded bush 3 to 4 ft. high.

Strong plants 65c. each; 3 for \$1.75. Postpaid.

New Dwarf Hardy Asters

Something You Have Wanted a Long Time

Blooming freely during the Fall when there is a scarcity of low growing flowering plants, these hardy, dwarf, hybrid beauties fill a long-felt want.

They rarely exceed one foot in height and have a splendid compact liabit. In September are completely covered with blossoms which are long lasting. Valuable for edging, for grouping in perennial beds. Charming in the Rock Garden.

COUNTESS OF DUDLEY. Lovely clear pink with yellow eye.

RONALD. Bright lilae-pink; very showy.

SNOWSPRITE (Snow Fairy). Showy semi-double white flowers completely covering the plant.

VICTOR. Beautiful clear lavender blue.

Strong plants 35c. each; 3 for \$1.00. Postpaid.

New Double Pyrethrums

(Persian Daisy)

Finest New Perennial Introduced in Years!

The abundantly produced flowers are very double, with stems averaging 15 to 18 inches in length. Blooms about Decoration Day, and the flowers are of remarkable substance. Unsurpassed for garden plants. Giant, mixed hybrids in shades ranging from pink to crimson red.

Strong plants 35c. each; 3 for \$1.00. Postpaid.

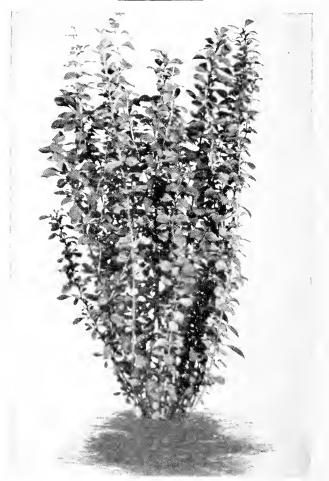

Pink Cushion

New Azalea-Flowered Chrysanthemum

This beautiful new plant is creating sensational interest since it won so much attention at the Century of Progress Exhibition in Chicago. Single plants have had 1500 flowers open at one time.

Like the popular and beloved Azalea it is dwarf and spreading in growth, becoming a broad, rounded mound completely covered with rosy pink flowers. The first flowers are produced in August and the plant continues to be a mass of blazing glory until late frost. When fully opened the flowers are 2 inches across. Very hardy.

Strong plants 35c. each; 3 for \$1.00. Postpaid.

Hedge Plant Sensation!

Truehedge Columnberry

(Patented)

Berberis t. pluriflora erecta.

Ideal for hedges, formal specimens or individual accent purposes. Hardy plant of columnar habit, with very dense growth and heavy foliage evenly distributed from the ground up. Has the beautiful autumn coloring and bright red berries of Japanese Barberry with the rich beauty and erect full growth of Boxwood. Requires little pruning. Rust immune.

5 or more at 10 rate; 25 or more at 100 rate. 25 or more plants shipped by express; smaller quantities by parcel post if 5% additional accompanies order,—15c. minimum charge. B. F. BARR NURSERIES, 1000-1010 W. LINCOLN HIGHWAY, LANCASTER, PA.

NEW ROSE CREATIONS

Best of the 1935 Introductions

GOVERNOR ALFRED E. SMITH

(Patented)

Mixture of salmon and gold with a deeper tone on outside of petals. Large rounded flower, sweetly fragrant.

\$1.50 cach; \$15.00 per doz.

NIGRETTE

(Patented)

Intense deep maroon with blackish velvet sheen; darkest of roses, appearing almost black from a little distance. The sensation of the European Rose World. Continuously in bloom and deliciously fragrant.

\$2.00 each; \$20.00 per dozen.

ROCHESTER

Golden yellow with carmine markings. Foliage disease-resistant; growth vigorous. Always in bloom.

\$1.50 each; \$15.00 per doz.

SOUVENIR DE MME. C. CHAMBARD

Outer petals rich rose-red; inner petals flashy deep rose pink, with golden glow at eenter. Flowers large, semi-double, deliciously fragrant. Voted at Lyons, France, in 1932 "The most beautiful Rose in France."

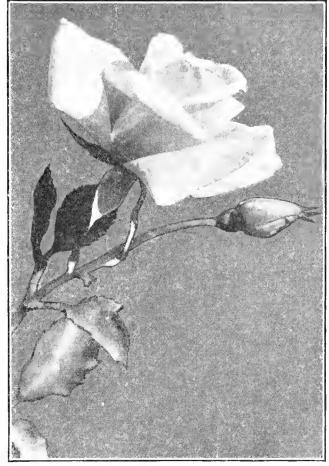

\$1.50 each; \$15.00 per doz.

TOKEN

(Patented)

Sun-ripened apricot shade—a unique color; double flowers, long lasting and pleasing at all stages; glossy, disease-resistant foliage.

\$1.50 each; \$15.00 per doz.

COUNTESS VANDAL (Patented)

Lovely coppery pink and gold, extra long pointed buds. Most popular variety at the Century of Progress.

\$1.00 each; \$10.00 per doz.

AMELIA EARHART

(Patented)

Deep yellow center graduating to cream outer collarette with blush overtone; extremely fragrant; free blooming, vigorous plant with leathery, dark green foliage.

\$1.50 cach; \$15.00 per doz.

New Creations in Climbing Roses

PRINCESS VAN ORANGE

(Patented)

Flaming orange-searlet; branches literally covered with masses of polyantha-like trusses. Most talked of European climbing novelty in many years.

\$2.00 each; \$20.00 per doz.

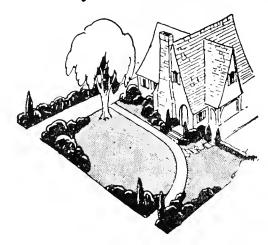

GOLDEN CLIMBER

(Patented)

Golden-yellow Hybrid Tea type flowers on long stems; buds are a pure golden yellow with heavy markings of orange scarlet; handsome, glossy green foliage, extreme vigor and rapid growth. Recurrent blooms throughout the season.

\$2.00 each; \$20.00 per doz.

Beautiful Home Grounds You Always Wanted Now Possible By Installment Payments

You can now have the beautiful home grounds you have always wanted, because Uncle Sam, himself, realizes their value and is ready to help you obtain them.

If you do not have the money needed, you can finance the improvement by credit obtained from the government through the National Better Housing Program.

In this concerted move for Home improvement property owners are placed in the position of being able to landscape their homes now, and to pay for the beautifying in a modern way—out of income, in monthly installments.

Full information can be obtained on this Modernization Credit Plan at your local bank or from the Federal Housing Administration, Washington, D. C.

We will gladly help you in your Home Grounds beautifying by furnishing plans and estimates covering the improvement contemplated. Write us for any further information desired. Your inquiries for advice and assistance are solicited.

Fertilizers for Lawn and Garden

Aluminum Sulphate. Useful in creating acid soil conditions. Broadcast 1 to 3 lb. to each square yard of surface. 10 lbs., 75c.; 25 lbs., \$1.50; 50 lbs.,\$2.50; 100 lbs., \$4.00.

Bone Meal (Raw). Safe and effective; especially good on lawns. One pound will sow 10 sq. ft.; 1 lb., 15c.; 5 lbs., 40c.; 10 lbs., 65c.; 15 lbs., 85c.; 25 lbs., \$1.25; 50 lbs., \$2.00; 100 lbs., \$3.50.

Cotton Seed Meal. An excellent organic fertilizer for such acid loving plants as Rhododendrons, Azaleas, Laurel, etc. Rich in ammonia and potash. 1 lb., 15c.; 5 lbs., 50c.; 10 lbs., 75c.; 25 lbs., \$1.50; 50 lbs., \$2.50; 100 lbs., \$4.50.

Leaf Mold. Nature's plant food. Mix with soil in which Rhododendrons and Azaleas are to be planted, 3 parts Leaf Mold to 1 part soil. 25 lbs., 50c.; 50 lbs., 90e.; 100 lbs., \$1.50; 500 lbs., \$5.00; 1 ton (2000 lbs.), \$15.00.

Lime, Hydrated. For lawn and field use where the ground has become sour. One pound is sufficient for 25 sq. ft. of surface. 10 lbs., 25c.; 50 lbs., 75e.; 100 lbs., \$1.25.

Peat Moss (Granulated). Applied as mulch conserves moisture, keeps down weeds, enriches soil and beautifies at same time. 1 bale covers 125 sq. ft. to depth of 2 inches. 1 bale, \$3.00; 5 bales, \$13.50.

Sheep Manure, Pulverized. A pure natural manure, for lawns, potting soil, general vegetable and flower gardens, where quick results are wanted. 5 lbs., 40c.; 10 lbs., 65e.; 25 lbs., \$1.00; 50 lbs., \$1.75; 100 lbs., \$3.00; 500 lbs., \$14.00; 1000 lbs., \$26.50; 1 ton, \$50.00.

Stim-U-Plant. All-the-year fertilizer in tablet form for all kinds of plants; odorless; quick-acting. 30 for 25c.; 100 for 75c.; 1000 for \$3.50.

Tobacco Stems, Cut. A combined fertilizer, mulch and insecticide for lawns and shrubbery, trees and evergreens. Unlike stable manure does not introduce weed seeds. 100 lbs. will cover 250 sq. ft. thickly. \$1.50 per 100 lbs.; 500 lbs., \$6.00; \$13.00 per ton.

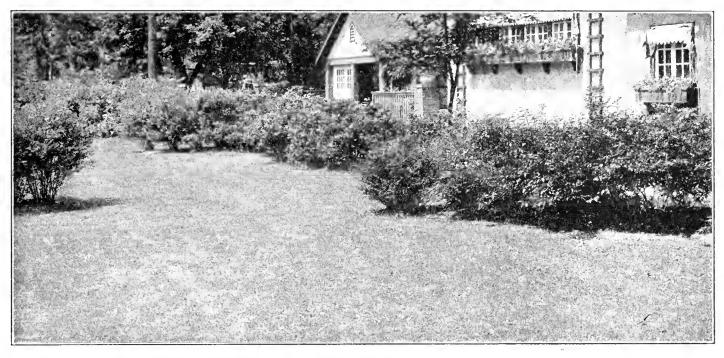

Vigoro. Special prepared plant food. Usc 1 lb. to 20-25 sq. ft. area. 5 lbs., 50e.; 10 lbs.; 75e.; 25 lbs., \$1.50; 50 lbs., \$2.50; 100 lbs., \$4.00.

Vita-Vim. A new, safe, high-test Plant Food for potted plants, lawns, trees, shrubs, flower and vegetable gardens. High in organic nitrogen, nature's most vital plant food element. 1 lb., 22c.; 2 lbs., 38c.; 5 lbs., 70c.; 25 lbs., \$2.50; 50 lbs., \$3.75; 100 lbs., \$5.50.

Wood-Ashes. Good lawn grasses will not succeed in sour soil. Wood ashes correct that. If bone meal has been sown in the land, do not use the Wood-ashes for three or four weeks. One pound will sow 10 sq. ft.. 1½ to 2 tons to the acre. 25 lbs., \$1.00; 50 lbs., \$1.50; 100 lbs., \$2.75.

Please include postage for parcel post shipment. For rates, see page 51.

Barr's Special Grass Seed Mixtures

As the lawn furnishes the setting for the house, from the humblest cottage to the largest mansion, its importance is universally recognized. A nice velvety lawn, neat and well kept, is the envy of all. In fact it is the sign of a family that is thrifty and home loving.

Barr's Special "Sunnyside" Grass Seed

This is a combination of the most desirable grasses; fine leaved, good eolor, lasting qualities. As the chief ingredient of a good lawn is Kentucky Blue Grass there is a large proportion of this ideal grass in this mixture. No Timothy nor coarse-bladed grasses are used to cheapen this mixture. It will germinate quickly and provide a permanent lawn as there is no annual seed—that which lives only one year. Besides the Kentucky Blue Grass the other varieties included are fine-leaved perennial grasses that add value and merit.

The use of Barr's Special "Sunnyside" Grass Seed will be a real saving as eonsiderable work and expense are incurred in lawn making and all may be wasted if a cheap, poor seed is used. With grass seed especially it pays to get the best obtainable.

| 1 bu. (20 lb.) | 9.75 |
| 100 lb. | 47.50 |
| Prepaid | |

Barr's "Green Mantle" Grass Seed

This is a splendid mixture of good grasses for average eonditions of soil and sunshine. It also has a goodly proportion of Kentucky Blue Grass and some White Clover, but no Ryegrass. Will quickly give the lawn an enduring velvety, deep green mantle, with freedom from weeds, as it is very free from weed seeds. One quart of grass seed will sow 100 sq. ft. of lawn; after seeding keep the ground continually moist for at least three weeks. Avoid light sprinklings when watering.

Prepaid

Barr's "Shady Side" Grass Seed

Composed of shade loving, permanent varieties of fine-leaved grasses—no Timothy nor Ryegrass. Includes some of the searcer and more expensive varieties of grasses, including Poa trivialis, which have proven best adapted for situations of a difficult nature due to shade. It is important to feed lawns under trees heavily three times a year—Spring, early Summer and Fall, so both the grass and trees will have plenty to feed on and thrive. Failure under trees is due more to competition of tree roots rather than shade, and plenty of feed will give both grass and trees a chance to exist.

Get Plants Where Grown Fresh Dug—Greater Vitality

By obtaining your plants from a nursery where they were grown and having them fresh-dug by hand you are sure to secure the very best results possible. This is the only kind of plants you receive from the B. F. Barr Nurseries, located in the Garden Spot of America, where plants attain perfection.

Measure Values By Results

Results are always the standard by which to measure values. Any user of Barr's "Will Grow" plants we are sure will be glad to tell you of the satisfactory results he has secured with them; in fact, we have many unsolicited testimonials to this effect.

Just as grounds that appear untidy and unkempt reflect adversely on the occupants, so do inferior plants make a poor showing on the effort expended in beautifying. Better a few good, healthy and attractive plants on a property than many poor ones.

Founder and General Manager

There is no better time than NOW to replace plants that spoil their surroundings, using young, vigorous stock of newer and better varieties more suitable and yet still surprisingly low priced. Suggestions and estimates will be cheerfully given on contemplated renovations.

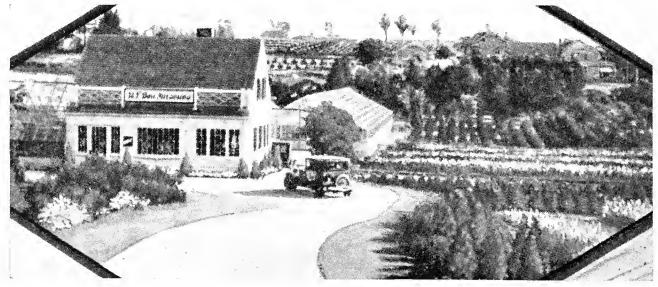

Prices Still Low— Quality Maintained

The B. F. Barr Nurseries in this catalog presents to its friends and patrons an unusual opportunity to obtain from "The Largest Nursery in the Leading Agricultural County of America" plants of superior quality at remarkably low prices.

You are invited to look through the following pages,

and see that Barr's prices are still at rockbottom—and at no sacrifice in quality, this being strictly maintained to safeguard the reputation of "Will Grow" Plants.

Remember, Barr's plants are guaranteed plants.

GARDEN SHOP AND OFFICE OF B. F. BARR NURSERIES

In addition to a large range of greenhouses, two tracts of land, totaling about 100 acres of America's most fertile soil, comprise the facilities which make it possible for us to give purchasers of plants an unexcelled service.

The greenhouses, garden shop and office arc directly on the Lincoln Highway (U. S. Route 30), on the western outskirts of Lancaster, Pa.

It is from this point that all sales are made.

Plant Evergreen Trees and Shrubs For Year 'Round Beauty

For all-year-round beauty, usefulness and lasting qualities Evergreens have become the greatest factor in beautifying home grounds and larger landscapes.

There is a choice of Evergreens on the following pages for every purpose: For foundation planting, for single or massed plantings on the open lawn, for lining walks, or for hedges.

Evergreens One Of Our Specialties

Superbly rooted, beautifully shaped, wonderfully bushy and dense, healthfully colored, Barr's "Will Grow" Evergreens will give real beauty to your property. These qualities are attained by our special process of production to improve the appearance and increase the vigor and longevity of these hardy ornamental plants. Barr's "Will Grow" Evergreens are what might be termed "trained." Weak ones have been weeded out by repeated transplantings and the remaining ones are stronger, prettier, better rooted. Such ones may cost more but the results are so much better, both in vigor of growth and in beauty.

Plant Some Evergreens Now

Make a check-up of your grounds and notice where the aristocratic beauty of evergreens will add distinction and character. Evergreens blend delightfully with the garden's gay colors in summer, and in the winter, when the wind-swept garden usually looks quite desolate, their foliage masses give a feeling of warmth and coziness. Plant evergreens now and create a garden that will be attractive in winter as well as in summer.

Healthy, Vigorous Evergreens

Have a Better Start in Life

Each Barr "Will Grow" Evergreen has a perfected root system to insure its growth, and is a heavy, sheared specimen as a guarantee of beauty. (See Page 9.)

Balled and Burlapped Evergreens

Abies—THE FIRS

Stately, handsome Evergreens of compact, pyramidal form and symmetrical outline; whorled, spreading branches; leaves flattened, usually grooved and lustrous. Show to best advantage as specimens.

A. concolor—WHITE FIR. Beautiful evergreen with large foliage of soft, silvery hue. Very hardy.

| $1\frac{1}{2}$ -2 | ft. | | | | | | | | \$1.00 |
|---------------------|-----|--|--|--|--|--|--|--|--------|
| $2^{-21/2}$ | | | | | | | | | |

| $3^{-3}\frac{1}{2}$ | | | | | | | | | |
| 31/2-4 | | | | | | | | | |

A. nordmanniana—NORDMANN FIR. Densely branched, symmetrical, pyramidal evergreen of very striking appearance. Dark green, glossy, flat needles, blunt at tip, silvery white on underside. Rarest and most distinguished of all the Firs.

| 3-4 ft | | | | | | \$7.00 |
|----------|--|------|------|--|--|------------|
| 4-5 ft | | | | | | 10.00 |
| 5-6 ft | | | | | | |
| 6-8 ft | | | | | | |
| 8-10 ft. | | | | | | |

Retinosporas—Graceful, Soft-Foliaged Evergreens of Remarkable Beauty, Yet Inexpensive

Well worth any special effort to possess are Retinosporas. Their graceful habit of growth and soft, fine foliage make them favorites among Evergreens. Specimens attain unusual beauty and become sources of life-long pride and pleasure. They cannot be too highly recommended for foundation and lawn planting. Prefer a moist soil.

The Plume Retinospora with its distinct pyramidal outline, and beautiful, soft foliage, which is characteristic of all Retinosporas, is very ornamental.

Chamaecyparis—RETINOSPORAS

C. obtusa—HINOKI CYPRESS. Strong, pyramidal tree with horizontal, fern-like branches, drooping habit. Foliage light green and shiny, somewhat whitened beneath.

| 3-4 ft | \$3.00 | 5-6 ft | \$5.00 |
|---------|--------|---------|--------|
| 4-5 ft. | 3.50 | 6-7 ft. | 6.00 |

Use Spruces For Outstanding Effects—They Make Splendid Lawn Specimens

Very ornamental Evergreens are the Spruces, which are valued especially for lawn decoration and park use. They are magnificent in appearance, with a regular pyramidal outline. Rapid growers and perfectly hardy, but too large growing for foundation planting. Strikingly effective in the winter landscape when covered with a snowy mantle.

F. BARR NURSERIES, LANCASTER, PA.

Pines in Both Dwarf and Tall Growing Sorts Make Picturesque Effects

Most valuable and majestic Evergreens for permanent planting are Pines, which as they grow older gain in character and picturesqueness. Spreading branches, bearing clusters of long, needle-shaped leaves. Will endure wide range of soil and climate.

Pinus—THE PINES P. montana mughus — MUGHO PINE. A handsome tree, making a good lawn specimen is the Austrian Pine. The inset is a Mugho Pine, an attractive bushy Evergreen, much admired and very useful in Foundation Planting.

How "Will Grow" Evergreens are Grown, Dug, Shipped

Unequalled soil, frequent transplanting, and constant shearing give "Will Grow" Evergreens their great vigor and power to grow, their mass of fine, fibrous roots so necessary for success in transplanting and their bushy, symmetrical form.

transplanting and their bushy, symmetrical form. Each "Will Grow" Evergreen is carefully hand-dug so as to obtain a large ball of soil to encase the roots. For additional protection against disturbing the roots each earth ball is securely burlapped. Careful packing, as a guarantee of safe arrival, completes the steps by which "Will Grow" Evergreens reach our Customers in the best possible condition to insure success in the hands of the planter.

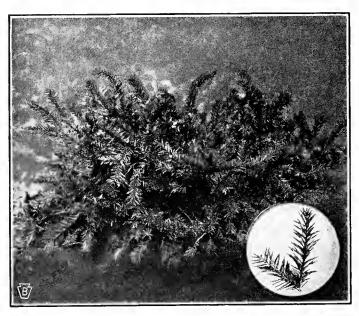

Our catalog prices include balling, burlapping and packing of Evergreens up to 4 ft. but for larger Evergreens to be packed for shipment add 25c per ft. extra to cover cost.

Shipments of "Will Grow" Evergreens, unless otherwise provided for, are made by freight as we find that method very satisfactory and most economical for the customer.

Aristocratic Yews Most Satisfactory For Shade or to Endure City Conditions

Handsome dark green foliage, adaptability to part shade, semi-dwarf habit, and refined and distinctive appearance give the Yews their high value as Evergreens for foundation and other ornamental planting. They succeed well in most soils and in part shade. Best evergreen family for difficult city conditions and foundation planting.

A most beautiful Evergreen is the Spreading English Yew. It is a most valuable plant as it is low growing and will thrive in the shade better than in full sun.

Taxus—THE YEWS

The Yews are especially beautiful in the Spring when the light-green tips of new growth show a marked contrast against a background of the blackgreen older foliage.

T. baccata dovastoni aureovariegata—YELLOW DOVASTON YEW. Low branching evergreen, dense and bushy. Ends of branches drooping, golden tipped. Very beautiful. Thrives in either sunny or shady locations.

When and How to Plant Evergreens

Evergreens transplant best during the Spring months, before and just as new growth is beginning, or for several months following August 15 when the new growth is completed and has become sufficiently hardened.

The excavation for planting should he considerably larger and deeper than the encased roots so as to allow liberal space around the ball for filling in with good soil. Do not remove burlap, only loosen it at top and roll back as indicated in illustration. Carefully pack soil under earth hall and when hole is two-thirds refilled, flood with water.

In restoring the remainder of the excavated soil allow a shallow basin to remain around the tree to collect the rain and enable it to soak into the ground. Mulch with wellrotted manure or straw to conserve the moisture in the ground and keep it from hecoming hard. In the Fall mound the soil against the plants.

Frequently direct a STRONG force of water against the under side of the foliage, when the sun is not shining, to preserve the vigor and beauty of the plant.

(1) Dig hole a foot larger and deeper than hall of earth.

Arborvitaes Fill Many Planting Uses at Low Cost, Including Hedges

The clean, neat, compact appearance and soft foliage of the Arborvitaes make them appropriate for the foundation planting where they are almost indispensable, and for specimen planting on small lawns as well as large areas; in grouping, bedding, bordering and formal gardening. Excellent for hedges. In window boxes they give an attractive effect.

Here are shown the American Arborvitae, a well-shaped, reliable tree, and the American Globe Arborvitae (inset), a very hardy variety well adapted to foundation planting.

Thuja—THE ARBORVITAES

T. occidentalis — AMERICAN ARBORVITAE. Narrow, pyramidal tree; foliage bright green. Good for contrasting with low-growing varieties; also for screens and hedges.

The Graceful Hemlock Unexcelled for Specimen Planting or Hedge Purposes

On the open lawn the Hemlock, acclaimed the most beautiful of American evergreens, is an outstandingly handsome specimen. Will remain small many years if sheared. for hedges, growing increasingly beautiful every year.

HEMLOCK-Pennsylvania State Tree.

The Hemlock is graceful in habit, and its distinct, small foliage is of a pleasing shade of green. It endures shade hetter than some of the other trees and stands clipping readily.

Tsuga—HEMLOCK

Soft, feathery foliage on graceful branches sweeping the ground. Excellent in shady situations. Desires cool, moist soil.

T. canadensis—CANADA HEMLOCK. Gracefully spreading and somewhat drooping branches. Shade enduring. For specimen planting or in groups, or can be used for clipped hedges.

(The Pennsylvania State Flower) K. latifolia—MOUNTAIN LAUREL.

Leucothoe—**LEUCOTHO**E

L. catesbaei (Andromeda)—DROOPING LEUCO-THOE. Attractive, fragrant, white flowers in May, borne in long, pendulous racemes. 3-4 ft. 12-18 in. clumps, B. & B. \$1.50

18-24 in. clumps, B. & B. 1.80

Boxwoods—All 'Round Useful Plants

Boxwood lends itself to planting as specimens, in groups with other Evergreens, for hedges, and for borders. Will thrive in full sunlight, or in shady locations where no other Evergreen will grow. Give a light protection the first Winter after planting.

Here is pictured an untrimmed Roundleaf Boxwood which makes a rich appearance. Boxwood will do well under trees. For difficult situations plant Boxwoods.

Buxus—THE BOXWOODS

B. sempervirens—BOXBUSH. Bushy, nearly as broad as high; deep rich color; slow growing. Frequently used for hedges; remains green throughout year. Most familiar of the Box. 12-15ft.

Rhododendrons Solve a Difficult Problem

Beautiful shrub with thick, smooth, glossy, evergreen leaves, the Rhododendron is a very effective plant used in masses or groups or near dark-foliaged evergreens. excellent for the difficult shaded corner or on the north side of the house.

Rhododendron—RHODODENDRON

The Rhododendrons here listed are nursery-grown, and acclimated, and have had the benefit of careful transplanting by which they have gained root systems which will cause them to make better growth than ordinary collected plants.

Rhododendrons (and Azaleas) require acid soil for best results, and should be planted in a mixture of three parts leaf mould or Holland Peat to one part soil. In limestone localities the broadcasting of one pound aluminum sulphate to each square yard of surface, Spring and Fall, will prove highly beneficial in acidifying the soil.

When to Plant All Kinds of Stock

Deciduous Trees, Shrubs and Vines.

From the time the ground opens in the Spring until the plant starts growth, and again from the time the wood is ripened and the leaves begin to fall in the Autumn until the ground is frozen. (March 10 to May 15, and Oct. 1 to Dec. 15).

After May 15 planting of Trees and Shrubs can still be continued if Balled and Burlapped plants are used. For this there is an extra charge of 20c each for Shrubs. Cost of Balling and Burlapping of Trees depends on size. This will be quoted on request. Where B. & B. is stated there is no extra charge.

Coniferous and Broad-leaved Evergreens.

After abundant rains of August to late Fall, and in the Spring until the new growth starts. (April 1 to June 15, and August 1 to November 30.)

Perennials

Spring or Autumn. (April 1 to June 1, and Sept. 1 to Nov. 30.)

Grass Seed

Spring or Autumn. (March 15 to May 20, and Aug. 1 to Oct. 1.)

Allow reasonable time for filling orders received during the shipping season, as orders are filled in rotation. ORDER EARLY.

Barr's Shade and Ornamental Trees

For shade or for ornament the Deciduous Tree is a necessity for the home grounds. In the wealth of their stately trees lies the beauty of many old homesteads. New homes without trees to add to their desirability, comfort and value, stand out bare and repellent.

Figures accompanying descriptions indicate ultimate height which those varieties will attain.

The Norway Maple is generally recognized as one of the finest medium-sized trees for street planting or for single lawn specimens.

Acer—THE MAPLES

A. platanoides—NORWAY MAPLE. Handsome, round-headed tree with broad, smooth, deep green leaves, holding color till late in Fall, when they turn attractively golden. 50-75 ft.

HOW TO PLANT A TREE

Very carefully protect the roots from sun and air. Plant in holes dug much larger than the spread of the roots so that the latter can be carefully placed in their natural directions. Fill the hole with good,

The tree should stand two inches deeper than it did in the nursery. Work the soil firmly under and about the roots. When the hole is twothirds filled, water thoroughly to set soil about roots and furnish moisture to the tree in abundance. Complete the filling of the hole, then mulch with strawy manure spread three inches deep over the whole area.

RIGHT WAY TO PLANT A TREE

Before setting trim the branches of small trees by removing three-fourths of last year's growth; on heavily branched trees cut out a few small branches at their base to reduce demands on the disturbed roots.

Magnolia—MAGNOLIA

American varieties flower after the leaves appear; oriental, before, and more profusely.

M. soulangeana—SAUCER MAGNOLIA. One of the most popular; showy flowers, pink outside, white within; glossy foliage. Oriental. 12-18 ft.

The Magnolia is one of the most attractive, ornamental lawn trees that can be planted. Very conspicuous tree when in bloom in the Spring.

A handsome, ornamental tree, covered with fragrant flowers resembling small shell-pink roses is the Bechtel Crab shown above.

Malus—FLOWERING CRAB

These small trees are always more useful for small home grounds than the larger trees.

M. floribunda—JAPANESE FLOWERING CRAB. Distinguished for its very profuse rose-colored, single flowers, 1-11/4 in. across, appearing early with the foliage; fruit small, yellow. 10-15 ft.

M. flori. atrosanguinea—CARMINE CRAB. Rich, fadeless deep carmine, single flowers in great profusion making a splash of color. 10-15 ft.

M. ioensis plena—BECHTEL CRAB. Large, double, fragrant flowers, delicate shell-pink, resembling small roses. Last of the Crabs to flower. Attractive foliage. 10-15 ft.

M. purpurea—PURPLE CRAB. Attractive, reddish-purple foliage; carmine flowers in profusion. Fine as specimen or in shrub border. 10-15 ft.

4- 6 ft. \$2.00 8-10 ft. 4.00

M. scheideckeri—SCHEIDECKER CRAB. Many large semi-double, tinged pink flowers in handsome clusters. Large, yellow fruits. 10–12 ft. 8-10 ft. \$3.50

M. sieboldi—TORINGO CRAB. Particularly handsome in Autumn for brilliant yellow or red fruits. Flowers blush, 3/4 inch across, in abundance. 12-15ft. 1-5 ft. \$2.50

Morus—MULBERRY

M. alba pendula—TEA'S WEEPING MULBERRY. Grafted on straight stem, its drooping branches densely covered with deep-green leaves completely hide the stem and sweep the ground. 8-10 ft. 5-6 ft. stem, 2 yr. heads......\$1.50

Oxydendrum—SOURWOOD

O. arboreum—SOURWOOD. Graceful clusters of white flowers in August. Foliage vivid scarlet in Autumn. Wants acid soil. 10-20 ft.

Platanus—PLANETREE

P. orientalis—EUROPEAN PLANETREE. (Oriental Plane.) Good for smoky atmospheres of cities; also valued for park planting. head of bright green, maple-shaped foliage. Rapid growing; not troubled by insects. 50-60 ft.

| | | Per 10 |

IRON TREE GUARDS

Strongly made; 5½ ft. high, 12 in. in diameter; uprights 1 x 11/8 in. iron. Four cross bands make this a very sturdy guard. \$1.50 ea. F. O. B., Lancaster, Pa.

Barr's Hardy, Ornamental Shrubs

Ornamental shrubs offer a constant change of scene that is particularly pleasing. By attention to the period of flowering a succession of varying bloom can be had from early Spring until late Autumn. In addition, the glorious autumn shades of foliage and brilliant berries of many varieties are strikingly beautiful.

"Will Grow" Shrubs are sturdy, well-rooted plants with bushy tops of numerous branches. They have been nurtured long enough in our nurseries to gain size and vigor, and will prove effective, dependable and desirable.

Abbreviations

Denotes Size at Maturity:-L, large, 8 ft. and over; M, medium, 5 to 8 ft.; S, small, 3 to 5 ft.; D, dwarf. 2 to 3 ft.

Denotes Varieties Thriving in Part Shade: -

Who has not at some time or another enjoyed picking the chocolate-colored blossoms of the Sweetshrub (or Carolina Allspice) for their sweet fragrance?

AMELANCHIER canadensis—DOWNY SHADBLOW. *(L) Its numerous white flowers make this a conspicuous plant among the leafless trees of early spring. Maroonpurple berries, relished by birds.

EUONYMUS alatus—WINGED EUONYMUS. *(M) A striking plant in the Fall, when its foliage is a brilliant rose. Corky-winged branches; small, purple fruits. Best

used as a specimen.

E. americanus - BROOK EUONYMUS. *(L) Conspicuous in Fall for pink capsules which split open, revealing orange berries.

3-4 ft.....\$0.70

Barr's Shrubs are carefully hand-dug as each order is filled. So-called "bargain" shrubs dug in large quantities cheaply by machinery, which cannot secure the entire root-system, and kept in cold storage where growth is retarded and vitality lost,

cannot give the same satisfactory results. Save time and money with Barr's "Will Grow"

plants with full vitality and entire root systems insured by coming just fresh out of the ground.

EXOCHORDA grandiflora—PEARLBUSH. (L) Pearllike, dazzling white, globular flowers in six to ten flowered racemes, April-May. Useful in specimen planting. 3-4 ft....

FORSYTHIA intermedia spectabilis—SHOWY BOR-DER FORSYTHIA. *(M) Showiest of Golden Bells; opens late enough to escape injury by frost. Most profuse blooming, large flowers, crowded on branches, sometimes five or six petals. 2-3 ft....\$0.35 | 3-4 ft....

F. suspensa-WEEPING FORSYTHIA. *(M) Long drooping branches; bright yellow flowers, very early.

2-3 ft........\$0.35 | 3-4 ft........\$0.50

4-5 ft., bushy plants.........\$0.60

F. fortunei-FORTUNE FORSYTHIA. *(M) Upright branches, covered with rich yellow flowers.

3-4 ft......\$0.50 | 4-5 ft...... . \$.075

5-6 ft., bushy plants..... **HAMAMELIS** virginiana—WITCH-HAZEL. *(L) Yellow flowers as late as October and November. Excellent as a background shrub planted in clumps. Endures city conditions.

3-4 ft.... \$0.55 HIBISCUS syriacus - SHRUB ALTHEA or ROSE OF SHARON. (L) Hollyhock-like flowers in August-September. Red, blue, white or pink. Please state color

desired.\$0.40 | 3-4 ft..... 4-5 ft...... \$0.75

HYDRANGEA arborescens grand-SNOWHILL. *(S)Masses of pure white flowers like big snow-balls, June-2-3 ft.....\$0.30 | 3-4 ft.....\$0.40

H. opuloides otaksa-OTAKSA HYDRANGEA. (D) Blue or pink flowers in immense clusters. 12-18 in. pot grown.....\$1.00

One of the best and most showy of the late flowering shrubs is the Peegee Hydrangea with its immense heads of white flowers turning bronze as frosts near.

H. paniculata grand-PEEGEE HYDRANGEA. Immense cone-shaped heads of white flowers turning pink and bronze, September-October.

2-3 ft.....\$0.40 | 3-4 ft.....\$0.50

H. quercifolia - OAKLEAF HYDRANGEA. *(S) Leaves oak-like, beautifully colored in the Fall. Flowers pinkish-white, turning purplish, borne in narrow upright clusters in June. Will thrive in part shade.

2-3 ft.....\$1.00

Barberry and Privet—Leading Hedge Plants

When planning a Hedge to enjoy its picturesque effect instead of the unsightliness of the ordinary artificial fence, one naturally thinks of Barberry or California Privet.

Estimate 18 inches as the distance between plants for a Barberry hedge, 6 inches for California Privet, the latter to be cut to within 6 inches of the ground immediately after planting.

Berberis thunbergi. Japanese Barberry. The best 'all-purpose' plant. In Fall has brilliantly colored foliage and many scarlet berries.

|] | Each | 10 | 100 |
|------------------------|--------|--------|---------|
| 9-12 in | \$0.12 | \$1.00 | \$ 8.00 |
| 12-18 in | .16 | 1.40 | 12.00 |
| 1½-2 ft., bushy plants | .22 | 2.00 | 15.00 |

Barberry and Privet can be used to advantage planted in groups and as specimens as well as for Hedges.

Berberis thunbergi atropurpurea. Red-Leaved Japanese Barberry. Foliage rich bronze-red spring to autumn; should have sunny situation.

(S) Yellow flowers, sweetly fragrant and double.
2-3 ft., 3 yr......\$1.00

After Shrubs have started growth in the Spring (about May 15th), planting can still be continued if plants are dug with ball of earth and burlapped. For this extra service there is an additional charge of 20c. per plant, unless quoted B. & B.

HOW TO PLANT SHRUBS

Cut the tops back about one-half or one-third before planting. Be careful to have roots exposed to air or sun as little as possible at any time.

The important point in planting is to have the hole large enough to accommodate the roots without crowding, and to get the soil well worked in among the roots. Space the larger growing Shrubs 4-5 ft. apart, medium growers, 3-4 ft., low growers, 2-3 ft.

Always water abundantly and apply a mulch. A basinshaped depression should remain around each plant to hold the water, at least the first summer.

| SPIRAEA arguta—GARLAND SPIREA. (S) Earliest to bloom; profusion of white flowers on slender, drooping branches giving appearance of a snowbank; feathery foliage. Dwarf habit. 2-3 ft\$0.50 3-4 ft\$0.60 |

Bushiness is better indication of value than height alone. Barr's "Will Grow" Shrubs are especially well branched, heavy, bushy plants.
"Will Grow" quality in each one.

The Weigela is always an old garden favorite with good foliage and flowers in abundance. Useful in foundation plantings and in the shrub border.

Barr's "Will Grow" Shrubs Have Heavy Root Systems and Bushy Tops, Many Branched

Barr's Climbing Vines and Creepers

Vines are very useful plants, giving grace and beauty by relieving bare expanse of walls, softening rigid lines, furnishing privacy and decoration for porches. Several varieties will cover banks where other plants would not grow.

* Indicates will thrive in shade.

- AMPELOPSIS tricuspidata (veitchii). Boston or Japanese Ivy. (*) Rapid growing, with large, handsome, green leaves, three lobed, turning brilliant orange and scarlet in the Fall. Clusters of dark blue berries. Clings firmly by disc attachments. For walls and screen effects. 2 yr. potted plants, 40c. ea.; \$4.00 per doz.
- A. lowi. Crested Ivy or German Creeper. (*) Leaves smaller than above, sharply toothed giving crested appearance; purplish when young, changing to deep red in autumn. For walls and other surfaces. 2 yr. potted plants, 50c. ea.; \$5.00 per doz.
- ARISTOLOCHIA sipho. Dutchman's Pipe. (*) Excellent for porches, its large, tropical-appearing leaves making dense shade. Peculiar brownish flowers late May resembling pipes. Rapid growing twiner for lattices, verandas, screen effects. 4 in. pot plants, 85c. ea.
- BIGNONIA radicans. Trumpet Creeper. Large, brilliant orange-scarlet, trumpet-shaped flowers. July and August. Climbs by means of aerial rootlets. For walls, trellises and arbors, banks and slopes. 2 yr. potted plants, 40c. ea.; \$4.00 per doz.
- CELASTRUS scandens. American Bittersweet. (*)
 Glossy leaves turning bright yellow in autumn. Brilliant
 fruit in big clusters of bright orange-colored pods, splitting open and disclosing scarlet seeds. Shrubby vine of twining habit for covering trellis, trees, rocks, slopes and walls. 2 yr. field grown plants, 35c. ea.; \$3.00 per doz.

CLEMATIS

Among the most beautiful of the hardy climbing vines is the Clematis, unexcelled for its brilliant colors. Thrives best in deep, moist soil.

Large Flowering Varieties

The hybrid named varieties are the large-flowering sorts popular for pillars or porch climbers. Bloom July to September. Plant crowns 6 inches below surface, with roots straight down.

- C. jackmani. Jackman Clematis. Large, rich, velvety purple flowers.
- C. henryi. Henry Clematis. Creamy white.
- C. Mme. Edouard Andre. Madame Andre Clematis. Carmine violet.
- C. ramona. Ramona Clematis. Clear sky-blue.

PRICE. Any of above Large-flowering Clematis in strong, 2 yr. potted plants, 75c. ea.

Small Flowering Varieties

- paniculata. Sweet Autumn Clematis (Japanese Clematis). Becomes entirely covered with enormous masses of star-shaped, white flowers, deliciously fragrant, late summer to frost. Used on porches and over doorways; also for covering graves or sloping banks. 2 yr. potted plants, 30c. ea.; \$3.00 per doz.
- . texensis (coccinea). Scarlet Clematis. Low, twining plant sometimes reaching 6 ft. Flowers bell-shaped, nodding, crimson-scarlet, and very beautiful. C. texensis (coccinea). 2 yr. potted plants, 50c. ea.; \$5.00 per doz.
- EUONYMUS radicans. Wintercreeper. (Evergreen Bittersweet). Self-clinging, dense-growing; dull-green, roundish leaves with whitish veins. Excellent for low walls, banks and slopes. Heavy 2 yr. plants, 35c. ea.; \$3.50 per doz.
- E. rad. variegata. Variegated Wintercreeper. Similar to above except leaves are marked yellow. 2 yr. plants, 35c. ea.; \$3.50 per doz.
- **E. rad. vegetus.** Big-Leaf Wintercreeper. Low, trailing evergreen vine with aerial rootlets for clinging. Showy red fruits in great profusion lasting long time. Heavy 2 yr. plants, 35c. ea.; \$3.50 per doz.

- HEDERA helix. English Ivy. (*) Evergreen rootclimber; excellent for covering walls in partially shaded places; also used in window-boxes, vases and as a ground cover under trees; also among Evergreen and Shrub plantings. Leaves beautiful, waxy, dark green, veined white.
- H. cuspidata minor (gracilis). Small-Leaf English Ivy. (*) Leaves rather small with broad short lobes.
- **PRICE.** Any of above English Ivy, $2\frac{1}{2}$ in. pots, 15c. ea.; \$1.50 per doz.; 4 in. pots, 30c. ea.; \$3.00 per doz.
- LONICERA japonica halliana. Hall Japanese Climbing Honeysuckle. (*) Flowers open white changing to yellow continuing midsummer to frost. Very fragrant. Leaves almost evergreen. Valuable for covering banks; also useful for porches, fences, trellises and pergolas and screen effects.
- L. sempervirens. Trumpet Honeysuckle. (*) Orangescarlet flowers borne profusely in bunches. September.
- **PRICE.** Any of above Honeysuckles, 4 in. pots, 35c. ea.; \$3.50 per doz.
- LYCIUM chinense. Matrimony Vine. (Box-Thorn). The bright purple, star-shaped flowers June to September are followed by brilliant orange-red berries almost 1 inch long. Good on banks, walls, fences, trellises or arbors; most beautiful pendent from top of walls. 2 yr. plants, 45c. ea.; \$4.50 per doz.
- POLYGONUM auberti. China Fleecevine (Silver Lace Vine). Will climb to 25 ft. or more and become entirely covered with a great feathery spray of white flowers, August-September. Good on lattices. 2 yr. plants, 75c. ea.; \$7.50 per doz.
- WISTERIA sinensis. Chinese Wisteria. Showy, large, blue-violet flowers in dense, pendulous clusters, sometimes a foot long. May.
- W. sin. alba. White Wisteria. White form of the preceding.

PRICE. Heavy, field grown, grafted plants, 3 yr., \$1.00 ea.: 2 yr., 75c. ea. Since Wisterias grown from seed often will not bloom, ours are grafted plants to assure bloom.

CUT FLOWERS and FOLIAGE PLANTS

A Specialty With Barr's

Cut Flowers grown in our Greenhouses are furnished for all occasions fresh cut.

In Foliage Plants such as Ferns, Palms, Draeaenas, Pandanus, Crotons, Sansevierias, etc., we grow large numbers, too. Prices on application.

As members of the Florists' Telegraph Delivery Association Mail, Phone or Telegraph orders will be earefully filled at our Greenhouses, 1000 W. Lincoln Highway, or at our Flower Shop, 116 N. Queen St., Lancaster, Pa.

Barr's "Pot-Perfected" Roses

Highly Vigorous Plants Developed in Pots; in Buds or Bloom When You Receive Them.

In spring planting the best results with Roses, experience teaches, is with Potted Plants. Barr's "Will Grow" Field-Grown Roses have been started in pots where they have had opportunity to develop vigor and root systems full of vitality. When you receive them they will be in bud or bloom. Ready to set out after April 10.

What Are Pot-Perfeeted Rose Plants?

When the plant-expert wants to develop a strongly rooted, extra-vigorous plant he puts it into a pot to encourage and control root-formation. This unique process is used in growing Barr's Hardy Rose Plants.

Such plants must exceed in vigor the dormant, dried-out "bargain" plants from cold storage where vitality is lost and growth often lastingly checked.

Barr's Hardy Roses are largest grade known in the trade, outside of exhausted greenhouse plants often cheaply sold. Each has two to three or more heavy canes properly cut back; the roots carefully "de-eyed" to prevent wild shoots. We guarantee these hardy Roses to start blooming soon after you plant them.

Where early planting is not possible, potted plants are the late planter's only resort. too, it is not necessary to plant them out so early

as to run chances of injury by freezing.

HYBRID TEA ROSES—(Monthly or Everblooming Varieties)

The Columbia Rose is one of the most popular of the Hybrid Teas. Of vigorous habit and exceptionally free-blooming.

Amelia Earliart. See Page 3.

Autumn. Burnt orange outside, buff and gold, streaked with red, inside; double; dark, glossy foliage. 90c. each; \$9.00 per doz. Better Times. See back cover page.

Betty Uprichard. Carmine buds opening to salmon shade. Fine, long petals holding color in all sorts of weather.

Charles P. Kilham. Blazing scarlet-orange at first, opening bright orange-pink with fiery centers; very double. A striking novelty that is a perfected *Mme*. Edouard Herriot.

Columbia. Bright pink, deepening as it opens; fragrant, large flowers.

Countess Vandal. See Page 3.

See Page 3 and Back Cover Page for New Rose Creations We are Offering

Edith Nellie Perkins. Long pointed, rich orangepink buds, opening salmon-pink with golden underglow; very fragrant.

Editor McFarland. Pink, slightly suffused with yellow; semi-double; slightly fragrant. Profuse bloomer; vigorous. \$1.00 each; \$10.00 per doz.

Etoile de Hollande. Considered best red variety, with brilliant scarlet, fragrant flowers of large

Bud rich straw-yellow, flushed old rose; flower Golden Dawn. double, well formed, fragrant, sunflower-yellow passing to lemon yellow. \$1.00 each; \$10.00 per doz.

Governor Alfred E. Smith. See Page 3.

Irish Fireflame. Delicate orange, passing to rich old gold, veined with crimson and lemon; single; very fragrant; 4 to 5 inches across.

"Will Grow" Rose Bushes Are Extra Large, 2 yr. Plants

Barr's "Will Grow" Rose Plants are the largest grade in the trade and known as 2 yr., No. 1. They have two to three or more heavy canes properly cut back when potted and have been "de-eyed" to prevent wild growth. The medium grades commonly sold for a price have fewer and lighter canes.

Being low-grafted, "Will Grow" Roses are stronger rooted, hardier and more profuse bloomers than "own-root" plants. For permanence, too, grafted plants are the better. See Planting Directions on Page 33.

Due to the size and weight of these plants, shipment by parcel post is not recommended, except when less than five plants are ordered. If wanted by parcel post prepaid, see Pareel Post charges on Page 33.

Potted Roses, Like B. & B. Evergreens, Have Soil-Encased Roots, Making for Greater Value.

J. C. Thornton. Searlet red; most prolifie, never out of bloom; without equal for eolor effect. 95e. each; \$9.50 per doz.

Joanna Hill. Indian-yellow eenter surrounded by gold buff petals; very double, long lasting, moderately fragrant flowers. 75e. each; \$7.50 per doz.

Kaiserin Auguste Viktoria. Creamy-white, large blooms on long stems; fragrant.

Lady Forteviot. Bright saffron-yellow, flushed with carmine-

Margaret McGredy. Brilliant red petals on hinges of deep gold; buds upright; constant bloomer. Foliage resistant to black-spot and mildew.

Mary Hart. (Patented). Maroon-red. A sport of the eelebrated Talisman. \$1.00 each; \$10.00 per doz.

Mme. Jules Bouche. Full, pearly white, camellia-like flower, tinged blush. Most dependable.

Miss Rowena Thom. Brilliant satiny-pink, old gold center, large, impressive buds and blooms; profuse.

Mrs. Henry Morse. Bright pink with silver shadings inside and underlying yellow glow; large, double, fragrant flowers.

Mrs. Pierre S. du Pont. Most eontinuous-blooming yellow. Buds long pointed, rich reddish gold, almost orange in depths of petals. Winner of more Gold Medals for outdoor blooms than any other rose. \$1.00 each; \$10.00 per doz.

Nigrette. See Page 3.

President Hoover.

orange and gold; continuous bloomer; exquisitely formed buds; strong stems. Outstanding feature of floral displays.

Radiance. Beautiful, light silvery-pink to salmon pink. Most dependable fragrant.

Red Radiance. Beautiful deep-red form of the Radiance.

Rev. F. Page-Roberts. Long, pointcoppery-red, opening to golden-yellow of remarkable beauty: full, double, fragrant flower.

Rochester. See Page 3.

Roslyn.

of petals.
foliage.

Full golden-yellow bloom deeper in center with orange splashings on back Very free bloomer. Healthy, lustrous

Souvenir. (Patented). A golden Talisman of great beauty, with all the qualities of Talisman from which it sported. \$1.00 each; \$10.00 per doz.

Souvenir de Claudius Pernet. Beautiful, pure sunflower-yellow, deeper in center; an extraordinary yellow rose.

Sonvenir de Mme. C. Chambard. See Page 3.

Talisman.

Brilliant orange-red buds, opening a glowing golden yellow, red and orange-rose; truly a gorgeous rose; large and fragrant.

Token. See Page 3.

Ville de Paris. Buds of buttereup yellow opening into fadeless, double flowers of Radianee type.

The White Killarney Rose—one of the really good, pure white garden roses. A white sport of the original Killarney.

White Killarney. Pure white double flowers, borne in great abundance.

Willowmere.

Long eoral red buds, developing into large flowers of a prich shrimp-pink, shaded yellow in the center.

PRICES. Any of the foregoing Monthly Blooming Roses in strong 2-yr. field-grown potted plants (except where noted), 75c. ea.; 6 or more, 65c. ea.; 25 or more, 60c. ea.

PARCEL POST CHARGES

If wanted by parcel post add 15c. for the first plant and 5c. for each additional plant, as these extra-large plants will weigh three to four pounds each packed for shipment.

CULTURE OF ROSES

While roses delight in a sunny exposure, a location giving some shade during the heat of the day will be ideal. Any ordinary soil, fertilized with well-rotted stable manure or bone meal, is adapted to Rose growing, providing there is good drainage, as Roses object to wet feet. The soil should be made friable to a depth of eighteen inches.

Set the Hybrid Teas 12-15 inches and Hybrid Perpetuals 2 feet apart, planting so the graft will be beneath the surface. The soil immediately about the roots should be compact. A top dressing of bone meal or well-rotted manure twice a month during the growing season will improve both flowers and fragrance.

Some pruning of the Hybrid Teas during the Summer is useful to encourage growth and flowers. The stronger branches that have flowered may be cut back one half or more. With the Hybrid Perpetuals all vigorous branches should be cut back one half after the June bloom to produce new shoots for Fall flowering.

Insects can be combated by very forceful sprays of clear water, in the morning; mildew, by spraying with Fungtrogen (see page 50) or with sulphur dusted or sprayed; black leaf-spot, by spraying with Fungtrogen or bordeaux mixture at intervals of ten days.

Do not water roses in the evening.

Potted Roses, Like B. & B. Evergreens, Have Soil-Encased Roots, Making for Greater Value.

New Dawn Rose, first plant patented under the new U.S. patentlaws. It is an everblooming type of Dr. W. Van Fleet.

HYBRID PERPETUAL ROSES

Larger, fuller, more hardy and more fragrant than other Roses; a wonderful display in June.

Frau Karl Drusehki. Immense, pure white, perfectly double flowers.

George Arends. Fine pink with flowers like Frau Karl Druschki.

Mme. Albert Barbier. Large camellia-shaped blooms of cream and pinkish yellow; blooms unceasingly Spring to Autumn.

Mrs. John Laing. Beautiful soft pink; low-growing, profuse bloomer.

PRICE. Any of the above in strong 2-yr. Potted Field-Grown Roses 75c. ea.; 6 or more 65c. ea.; 25 or more 60c. ea.

Rugosa, or Shrub Roses

Shrubby, ornamental plants; flowering abundantly. Valuable for hedges or in shrub groups.

Agnes. Only rugosa rose which is really yellow, the coppery-yellow buds becoming amber-gold on opening; sweetly fragrant. \$1.00 each.

Harrison's Yellow. Bright yellow, blooming in early spring. 75c. each.

Hugonis. Light yellow flowers, $1\frac{1}{2}-2\frac{1}{2}$ in. across, making striking effect borne on the slender branches in the early spring. 75c. each.

Rugosa (Japanese Rose). Large, white or red flowers followed by handsome scarlet-crimson fruits. 60c. each.

Rugosa hybrida (Grootendorst Japanese Rose). Bright red flowers early spring to frost. 60e. each.

6 or more Shrub Roses, less 15%.

HARDY CLIMBING ROSES

Useful for covering porches, trellises, arbors, fences, walls and banks as they make a superb display of bloom, while the foliage is generally excellent. Prune only after flowering.

American Pillar. Immense clusters of single, bright-crimson flowers, with clear white eye.

Blaze. (Patented). Scarlet-red flowers in great profusion throughout the season; the everblooming Paul's Scarlet Climber. \$1.50 each; \$15.00 per doz.

Climbing American Beauty. Rich carmine flowers, 3-4 inches across, in great abundance.

Dr. W. Van Fleet. Best climbing rose. Longpointed deep pink buds, opening a lighter shade of pink; large and fragrant.

Golden Climber. See page 3.

Jacotte. Coppery yellow, tined coppery red; large, semi-double flowers.

Mme. Gregoire Staechelin. Long-pointed crimson buds, showing iridescent pearl-pink inside as they open; richly perfumed. The exquisite, full, fragrant blooms last over a long period, coming in succession. \$1.00 cach; \$10.00 per doz.

New Dawn. The everblooming Dr. W. Van Fleet with which it is identical except that it blooms profusely throughout the Summer and Fall. \$1.50 each; \$15.00 per doz.

Paul's Searlet Climber. Vivid scarlet, shaded crimson; semi-double flowers in clusters, borne in profusion.

Primrose. Double, canary-yellow flowers in profusion. One of best yellow climbing Roses.

Princess Van Orange. See page 3.

Scorcher. Handsome vermilion flowers, in great profusion, with fair repetition in Autumn. Acclaimed a world sensation. \$1.00 each; \$10.00 per doz.

PRICE. Any of the above in strong 2-yr. Potted Field-Grown Roses (except where noted) 75c. ea.; 6 or more 65c. ea.; 25 or more 60c. ea.

POLYANTHA or "BABY" ROSES

Constant abundance of clusters of small, perfectly formed flowers. They make ideal bedding plants, their heights seldom exceeding 15-20 in.

Else Poulsen. Bright rose-pink, semi-double, medium-size flowers. Long lasting.

Gloria Mundi. Brilliant orange-scarlet flowers, in huge clusters.

Golden Salmon. New. Large clusters of striking reddish orange bushes blooming continually.

Gruss an Aachen. Large, very double flowers, resembling Hybrid Teas; delicate flesh-pink, overlaid with yellow, shading deeper in the center; continually in bloom.

PRICE. Any of the above in strong 2-yr. Potted Field-Grown Roses 75c. ea.; 6 or more 65c. ea.; 25 or more 60c. ea.

For parcel post charges on Potted Roses see page 33.

From early Spring to late Autumn there are always flowers to enjoy where Perennials are planted in groups in beds or borders. Once planted they continue to bloom and increase in beauty each succeeding year. Avoid planting only one of a kind owing to the bizarre effect it produces—always plant 3 or more of a kind.

Perennials require little attention and, as each variety has a fixed period to flower, a succession of bloom can be enjoyed throughout the season.

Varieties especially recommended for Rock Gardens are indicated by (*) and those that will thrive in part shade by (†).

- ACHILLEA ptarmica fl. pl. Sneezewort or Yarrow. 1½-2 ft. Dense heads of double, purest white flowers. Good for borders and cut flowers. June-August. 20c. ea.; 3 for 50c.; \$1.50 per doz.
- **ALTHEA** fl. pl. *Hollyhock*. 6-8 ft. Long spikes of double flowers measuring 2 to 3 in. across, on stately, majestic towering plants. Red, White, Pink. Yellow. State color desired. July-September. 20c. ea.; 3 for 50c.; \$1.50 per doz.
- **A. Allegheny.** Allegheny Hollyhock. 6-8 ft. Mammoth exquisite flowers with fringed petals. Mixed colors. exquisite flowers with fringed petals. Mixed of July-September. 20c. ea.; 3 for 50c.; \$1.50 per doz.
- **ALYSSUM** saxatile compactum. Goldentuft. (*) 9-12 in. Dwarf, shrubby plant, grayish green leaves, mass of brilliant golden yellow flowers. Indispensable for Rock Gardens and for edging borders. May. 20c. ea.; 3 for 50c.; \$1.50 per doz.
- ANCHUSA dropmori. Dropmore Buglos. 4-5 ft. Gentian blue flowers in long sprays like the Larkspur. May-July. 20c. ea.; 3 for 50c.; \$1.50 per doz.
- ANEMONE japonica alba. Whirlwind Anemone. 2-3 ft. Many large saucer-shaped white flowers. Charming when used as cut flowers. August-October. 30c. ea.; 2 for 50c.; \$2.50 per doz.
- **A. Queen Charlotte.** 2-3 ft. Semi-double, silverypink. August-October. 30c, ea.; 2 for 50c.; \$2.50 per doz.
- **ANTHEMIS** tinctoria. Yellow Camomile. (Marguerite). $1-1\frac{1}{2}$ ft.. Daisy-like yellow flowers in great profusion. Sturdy, easily grown plant; finely cut foliage. September. 20c. ea.; 3 for 50c.; \$1.50 per doz.
- AQUILEGIA caerulea hybrida. Long Spurred Columbine. (*) (†) 2-3 ft. Graceful, spurred flowers of various colors arising from beautifully divided foliage. May-June. 20c. ea.; 3 for 50c.; \$1.50 per doz.

- ARABIS alpina. Alpine Rockeress. (*) 4-8 in. Form. dense carpet of pure white flowers. Splendid for rock gardens and for cutting. April-May. 30c. ea.; 2 for 50c.; \$2.50 per doz.
- ASCLEPIAS tuberosa. Butterfly Weed. 2-2½ ft. Beautiful, flat-topped clusters of bright orange-red flowers. July-August. 20c. ea.; 3 for 50c.; \$1.50 per doz

ASTERS

- **ASTER alpinus**. Rock Aster. (*) 8-10 in. Showy purplish-blue flowers. Indispensable for rock garden or edging borders. May-June.
- A. alpinus, Mauve Cushion. (*) 9 in. Forms circular, cushion-like plant 2½ ft. across. The flowers of delicate mauve, with silvery white reflection, measure over $1\frac{1}{4}$ inches in diameter, produced in such profusion as to completely cover the plant. October-November
- A. novae-angliae roseus. Rosy New England Aster 3-5 ft. Bright violet-purple. September-October.
- A. Raynor. 4 ft. Large purplish-crimson. September-October.
- A. St. Egwin. 3-4 ft. Soft rosy-pink. September-October.
- A. Lavender Climax. 4-5 ft. Lavender-blue. September-October.
- Price. Any of above Asters, 25c. ea.; 3 for 60c.; \$2.00 per doz.
- **ASTILBE** (juno). Juno Astilbe. (†) 3 ft. Attractive, airy plumes of pink flowers. June-July. 40c. ea.; \$4.00 per doz.
- A. Rose Pearl. (†) 2½ ft. Delicate silvery-pink plumes on long stems. June-July. 40c. ea.; \$4.00 per doz.

Don't Neglect Your Home

Remove old plants that may be in bad shape, and put in new ones now while it can still be done at little Using new plants is more satisfactory in every way than the uncertainty of trying to doctor up failing plants. Glorify your Home with the beauty and cheerfulness of Plants and Flowers.

Lillian Doty Pompon Chrysanthemums

AUBRIETIA graeca. Greek Aubrietia. (*) (†) 6 in. Dainty creeping plant with large violet flowers. Good for mass effects. April-May. 25c. ea.; 3 for 60c.; \$2.00 per doz.

BAPTISIA australis. Blue Wild-Indigo. 2-3 ft. Attractive blue pea-shaped flowers in short spikes. June. 25c. ea.; 3 for 60c.; \$2.00 per doz.

CAMPANULA glomerata superba. Showy Cluster Bellflower. (†) 1½-2 ft. Dense clusters of funnel-shaped, violet-blue flowers. June-August. 25c. ea.; 3 for 60c.; \$2 00 per doz.

C. medium. Cup and Saucer Bellflower. 2 ft. Large, lovely bell-shaped flowers in mixed colors—white, pink, blue, purple. June-July. 25c. ea.; 3 for 60c.; \$2.00 per doz.

C. carpatica. Blue Carpathian Bellflower. Grows in dense tufts covered with clear blue flowers held erect on wiry stems. June-August. 25c. ea.; 3 for 60c.; \$2 00 per doz.

HOW TO PLANT AND CARE FOR PERENNIALS

The secret of success with Perennials is an enriched soil together with good cultivation and careful watering.

Groups of three or more of a variety will produce the best effect in a border, using the taller growing varieties as a background. If planting near Shrubs which will rob the Perennials of plant nourishment, keep 3 ft. away from Shrubs.

Plant in Spring or early Fall, providing Winter protection for Fall plantings, especially Anemones, Campanula, Digitalis, Hollyhocks, Chrysanthemums, Stokesia and Tritoma. For best results transplant every few years to increase number and produce more abundant bloom.

The soil should be dug to a depth of at least 12 to 18 inches into which has been worked two inches of well-rotted stable manure. Some other good fertilizer can be used if stable manure is unobtainable, but stable manure is to he preferred.

At the beginning of freczing weather apply a mulch of cut tobacco stems, strawy manure, leaves or other light material to prevent alternate freezing and thaw-ing of the soil, which may cause damage.

It may be possible to "save" a few cents on a plant, and to lose all that has been paid. Many inferior plants by lack of vigor lead right into the rubbish pile in which the plants of the dispenser of "cheap" plants shortly find themselves. The better plant is the cheaper plant.

CERASTIUM tomentosum. Snow-in-Summer. (*) 6 in. Myriads of small white flowers from a dense silveryfoliaged plant. Valuable for rockeries, bedding or covering graves. May-July. 20c. ea.; 3 for 50c.; \$1.50 per doz.

CERATOSTIGMA plumbaginoides. Larpente Plumbago (Leadwort). (*) 6-8 in. Attractive spreading plant with beautiful deep violet-blue flowers borne in abundance. July-October. 20c. ea.; 3 for 50c.; \$1.50 per doz.

CHRYSANTHEMUMS

In late Fall when nearly all other flowers have ceased to bloom the hardy Chrysanthemums are still here to delight with their great variety of form and color.

Strong plants out of pots, ready for delivery after May 10.

LARGE FLOWERING VARIETIES

Most showy of the late Fall flowers. Should be planted in a protected location in good soil. For larger flowers allow only one bud to a plant.

Gold Lode. Very early yellow; large flowers of shaggy type.

October Rose. Early, incurved, pink.

Silver Sheen. White Japanese incurved of large size and perfect ball shape.

20c. each; 3 for 50c.; \$1.50 per doz.

HARDY POMPON VARIETIES

Easily-grown plants, known to many persons as "Wintershrubs." Extremely graceful and beautiful sprays of bloom of every conceivable form and shade of color. The varieties listed below will bloom before freezing weather.

Bronze Buckingham. Glowing bronze; single.

Buckingham. Old rose; single type.

Detson. Early; rose-pink; button type.

Firelight. Bright red; aster type.

Frances Whittlesey. Bronze and garnet.

Keystone. Rosy-pink; one of the best.

L'Argentuillais. Chestnut; decorative type.

Lillian Doty. Large incurved pink; aster type.

Mrs. Albert Phillips. Double; pink.

New York. Orange and wall-flower color.

Rodell. Dwarf; yellow; button type.

20c. each; 3 for 50c.; \$1.50 per doz.

CHRYSANT HEMUM articum. Artic Daisy. 1-11 ft. Multitudes of flower stems terminating in pure white flowers of large size. September-November. 25c. ea.; 3 for 60c.; \$2.00 per doz.

C. coccineum. Painted Lady. (Pyrethrum) 1½-2 ft. Bright colored flowers ranging from deep rich crimson to light pink, borne on long stems. "The Spring Chrysanthemum." Mixed colors only. June-July. 25c. ea.; 3 for 60c.; \$2.00 per doz.

C. maximum. Shasta Daisy. 1½-2 ft. Long, snow-white petals, yellow center. Excellent for cutting because of its beauty and profuse blossoming. Fine for beds and borders. June-October. 25c. ea.; 3 for 60c.; \$2.00 per doz.

B. F. BARR NURSERIES, LANCASTER, PA. 🦃

COREOPSIS grandiflora. Big Coreopsis. 2 ft. Rich golden-yellow flowers; valued for cutting. June-Septender. 20c. ea.; 3 for 50c.; \$1.50 per doz.

CONVALLARIA majalis. Lily-of-the-Valley. (*) (†) 6-9 in. Pure white, bell-shaped flowers on gracefully arching racemes. Beautiful, glossy green foliage. March-May. Clumps, 25c. ea.; 3 for 60c.; \$2.00 per doz.

DELPHINIUM

- **DELPHINIUM** belladonna. Belladonna Larkspur. 3 ft. Produces numerous spikes of large single, sky-blue flowers. June-September.
- **D. bellamosa**. Bellamosa Larkspur. 3 ft. Deep blue variety. June-September.
- **D. hybridum.** Mountain Larkspur. 4-5 ft. Double and single flowers in all shades from deepest indigo to palest silvery-blue. Supplied in mixed colors only. June-September.
- D. Wrexham Strain. Hollyhock Larkspur. 5-6 ft. Enormous individual flowers, 1½-2 in. across, in all shades of blue blended with mauve and violet. A tall spire-like spike which is a solid mass of bloom. One of the newest and most popular of Delphiniums. Bred very closely for healthy vigor, color and free flowering characteristics. 40c. ea.; 3 for \$1.00: \$3.75 per doz.

Price. Any of the above Delphiniums, except where noted, 25c. ea.; 3 for 60c.; \$2.00 per doz.; \$15.00 per 100.

12 Delphiniums Assorted Varieties

\$2.60 Postpaid

3 Belladonna

3 Hybrids

3 Bellamosa

3 Wrexham

DIANTHUS

- DIANTHUS alpinus alwoodii. Clove Pink. (*) 8-12 in. Large flowers of various shades of rose and pink; glossy leaves. One of the loveliest of rockery pinks. July-August.
- **D. barbatus.** Sweet William. 2 ft. No garden is complete without this cheerful, sweet-smelling and showy flower with colors ranging from purest white to blackest red. May-July.
- **D. Newport Pink.** $1\frac{1}{2}$ ft. Watermelon pink or salmonrose. June-July.
- **D. Scarlet Beauty.** 1-1½ ft. Rich deep scarlet; bright green foliage. Very fine. May-June.
- **D. plumarius.** Grass Pink. (*) 1 ft. Clove-scented flowers in great masses. Colors varied. May-June.

Price. Any above Dianthus, 20c. ea.; 3 for 40c.; \$1.25 per doz.

DICENTRA spectabilis. Bleedingheart. (*) (†) 1½-2 ft. Pink, heart-shaped, pendant flowers along the stems. April-June. Strong plants, 30c. ea.; 3 for 70c.: \$2.50 per doz.

DICTAMNUS albus. Gasplant. 2-3 ft. Dense clumps of dark green, glossy foliage. White flowers on spikes. Gives off a gas that may be ignited. June-July. 25c ea.; 3 for 60c.; \$2.00 per doz.

D. ruber. Purple Gasplant. 2-3 ft. Reddish-purple variety of above. June-July. 25c. ea.; 3 for 60c.; \$2.00 per doz.

DIGITALIS alba. White Foxglove. (†) 3 ft. Thimble-like, white flowers hanging closely on erect, long flowering spikes. June-July. 25c. ea.; 3 for 60c.; \$2 00 per doz.

D. purpurea. Purple Foxglove. (†) 2-3 ft. Purple form of the preceding. July-August. 25c. ea.; 3 for 60c.; \$2.00 per doz.

D. rosea. Pink Foxglove. (†) 2-3 ft. Rose-pink form of the dignified Foxglove. June-July. 25c. ea.; 3 for 60c.;
\$2.00 per doz.

DORONICUM excelsum. Showy Leopardbane. 2 ft. Large, bright yellow, daisy-like flowers; very effective in masses and for cutting. April. 25c. ea.; 3 for 60c.; \$2.00 per doz.

Transplanted Without Checking Growth Hazle Brook, Pa

The Shrubs and Plants reached me in O. K. condition: Seems to me they kept right on growing from the day they arrived. Thanks for promptness and satisfactory treatment. Mrs. S. F. E.

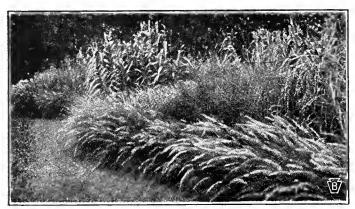

Anemone Japonica

Delphinium

Kniphofia Waria

Beautiful effect produced by edging lawn with Ornamental Hardy Grasses.

EULALIA—HARDY GRASSES

Eulalias are remarkably hardy, and universal favorites for bedding. Interspersed in the shrubbery or perennial border, they are at home. Very effective results can be secured.

- **EULALIA Japonica.** 6-8 ft. Rich, green foliage which waves with the slightest breeze.
- E. Japonica gracillima univittata. 5-7 ft. Narrowleaved variety of above, very graceful and pleasing.
- E. Japonica variegata. 4-5 ft. Striped with white variegation, forming an attractive plant when grouped with the green.
- E. Japonica zebrina. 5-7 ft. Barred with bronzeyellow, and very popular, due to the bizarre effect.

Price. Clumps, 6 inch diameter, 30c. ea.; 3 for 75c.

- **EUPATORIUM coelestinum.** Mist flower. 1½-2 ft. Large flat heads of small, fluffy, azure-blue flowers. Sometimes called Hardy Ageratum. August-October. 20c. ea.; 3 for 50c.; \$1.50 per doz.
- **EUPHORBIA corollata**. Flowering Spurge. 2-3 ft. White flowers with small green eye, in umbels. Used like Gypsophila for cutting. July-October. 20c. ea.; 3 for 50c.; \$1.50 per doz.
- E. polychroma. Cushion Spurge. (*) 1-2 ft. Masses of chrome-yellow flower-like bracts. Resembles a Poinsettia, only yellow. April-May. 25c. ea.; 3 for 65c.; \$2.50 per doz.

Funkia. See Hosta.

- GAILLARDIA aristata compacta. Bush Gaillordia. 2 ft. Conspicuous for profusion and duration of bloom and striking color effect. The petals are broadly margined yellow, the remainder of the flower crimson. Good cut flower variety. June-October. 20c. ea.; 3 for 50c; \$1.50 per doz.
- GYPSOPHILA paniculata fl. pl. Bristol Fairy Babysbreath. 2-3 ft. Large panicles of double, white blooms, with a misty grace not found in other flowers. Excellent cut flower combined in bouquets. Can be cut and dried for use during the Winter months. July-August. 40c. ea.; 3 for \$1.10; \$4.00 per doz.
- **HELENIUM** autumnale. Sneczeweed. 5 ft. Lemonyellow, flat flowers borne in large heads or clusters. Good for cut flowers. July-September. 25c. ea.; 3 for 60c.; \$2.00 per doz.
- H. hoopesi. Orange Sneezeweed. 2 ft. Clear rich yellow sort with slightly drooping rays. June-August. 25c. ea.; 3 for 60c.; \$2.00 per doz.
- **H. Riverton Gem.** $2\frac{1}{2}$ -3 ft. Old gold, suffused with bright terra cotta, changing to wall flower red. August-October. 25c. ea.; 3 for 60c.; \$2.00 per doz.
- **HELIANTHEMUM** mutabile. Fickle Sunrose. (*) 1 ft. Pretty, low growing, evergreen plant, forming broad clump which becomes hidden by the masses of bloom. Rich orange color. June-July. 25c. ea.; 3 for 60c.; \$2.00 per doz.

HELIOPSIS zinniaeflora. Zinnia Heliopsis. 2-3 ft. Double, golden-yellow flowers, $2\frac{1}{2}$ -3 in. across, on long strong stems. June-September. 20c. ea.; 3 for 50c.; \$1.50 per doz.

Hemerocallis—DAY LILY

- HEMEROCALLIS dumertieri. (†) 1½-2 ft. Very showy, wide-funneled flowers of a bronze yellow on the outside and a rich yellow inside. Excellent for cutting. May-July.
- **H. flava.** Lemon Daylily. 2-3 ft. Clear lemon or canary yellow type; sweet scented. June-July.
- H. kwanso. Kwonso Daylily. 4-5 ft. Orange, shaded crimson, semi-double. July-August.
- H. thunbergi. Japanese Daylily. 3-4 ft. Latest to flower; rich buttercup yellow. July-August.

Price. Any of above Daylilies, 25c. ea.; 3 for 60c.; \$2.00 per doz.

- **HEPATICA** triloba. Roundlobe Hepatica. (*) (†) 3-4 in. Light blue flowers showing as soon as the snow disappears. Pretty, rounded, leathery leaves. March-April. 20c. ea.; 3 for 50c.; \$1.80 per doz.
- **HEUCHERA sanguinea.** Coralbells. $1\frac{1}{2}$ -2 ft. From a mass of ornamental foliage rise graceful spikes covered with pendant flowers, bright coral crimson. June-August. 25c. ea.; 3 for 60c; \$2.00 per doz. HIBISCUS (Marvels). Rosemallow. 6-8 ft. Flowers
- resemble a single Hollyhock bloom only much larger and velvety. Good in masses or among shrubs where a large, showy plant is required. White, pink or scarlet (State color). July-September. 25c. ea.; 3 for 60c.; \$2.00 per doz.

Hosta—PLANTAIN LILY

- **HOSTA caerulea.** Plantainlily. (†) 1-1½ ft. Spikes of nodding, light-blue, lily-like blossoms; large, handsome, dark green, glossy foliage in clumps. July-August.
- **H.** grandiflora. Big Plantainlily. (†) 1½-2 ft. Large, waxy-white flowers with an odor like orange blossoms. August-September.
- . lancifolia. Lonceleaf Plantainlily. (†) 1½-2 ft. Violet-blue flowers; long, narrow leaves. July-August.

Price. Any of above Plantain Lilies. 20c. ea.; 3 for 50c.; \$1.50 per doz.

- **IBERIS** gibraltarica. Gibroltar Candytuft. (*) $1-1\frac{1}{2}$ ft. Low growing plant with evergreen foliage, completely hidden by the large clusters of white flowers deeply tinted rose-lavender. Charming on ledges or walls in the rock garden, and good, too, for cutting. March-June. 25c. ea.; 3 for 60c.; \$2.00 per doz.
- I. sempervirens. Evergreen Candytuft. (*) 9-12 in. Low mats covered with innumerable, flat, dense clusters of pure white flowers. March-June. 25c. ea.; 3 for 60c.; \$2.00 per doz.

HOW TO BUILD A ROCK GARDEN

Select a gentle slope. Use the largest boulders possible, placing the bigger stones at the base, the strata all running the same. They should appear naturally placed. A few large rocks rather than many small ones is preferable.

In the pockets between boulders there should be a rich, porous, moisture-holding soil at least two feet deep. Moisture in sufficient amount is the token of success, even more necessary than shade or part

Most entrancing groups of plants for Rock Gardens are low growing, brilliantly flowering, rather heavily foliaged Perennials.

For interesting results the year round, include some dwarf Evergreens like Abelias, Azaleas, Daphne, Junipers, Retinosporas, Yucca, Yews, Pachysandra, Cotoneasters, for their touch of evergreen foliage, stability and the floral beauty of the blooming kinds.

Low Annuals should always be added for continuous bloom throughout the Summer. (See list of annuals on page 46.)

IRIS (*) (\dagger)

Incomparable for its beauty of soft iridescence of color revealed when you look into its heart, the Iris has very appropriately been termed, "The Poor Man's Orchid."

Not partial as to soil or location and will flourish in semi-shade. Does well planted in groups or in borders.

Iris germanica—BEARDED IRIS

Aurea.* (californica) Rich chrome yellow; large flowers, perfectly formed.

Foster's Yellow. Yellow.

Fro. S. deep gold; F. brilliant chestnut-brown.

Hercules. Clear lilac-blue.

Japanesque.* Lavender.

Kochii.* Claret purple.

Lent A. Williamson.* Royal purple, yellow beard.

Lohengrin. S. and F. soft shade of cattleya-rose. Very large flower.

Lord of June.* Violet lavender.

Powhatan.* Violet claret.

Princess Victoria Louise. Yellow.

Quaker Lady. S.lavender, yellow shadings; F., ageratum blue and old gold; orange beard.

Queen of May. Lovely soft rose-lilac, almost pink.

Rev. Wurtelle.* Bronze.

Roseway.* Deep red-pink, broad orange beard.
Seminole.* Violet-rose and crimson.

Sherwin-Wright. Rich golden yellow without markings or shadings, profuse bloomer.

Tamar.* Reddish-lilac.

The Inca.* Clear yellow with falls dark-plum, edged gold. Tregastel. Lilac violet.

Troost.* Rose colored, venation on long falls gives lacy effect.

Mixed. Splendid collection of assorted varieties. \$1.50 per doz.; \$10.00 per 100.

Price of Iris. Any variety except those marked with an asterisk (*), 3 for 50c.; 10 for \$1.50; 100 for \$12.00.

Choicest exhibition varieties marked *, 3 for 60c.; 10 for \$2.00; or \$16.00 per 100, your selection.

Iris pseudacorus—LAEVIGATA IRIS

I. pseudacorus bastardi. Yellowflag Iris. Yellow; tall growing and prolific. 25c. ea.; 3 for 50c.; \$1.50 per doz.

PEONIES

PEONY CULTURE

An abundance of plant food and moisture are essential to success with Peonies as they are strong growers and produce many enormous flowers. As the plants grow and bloom top dress with bone meal between, but not on, the plants.

Plant $3\frac{1}{2}$ -4 ft. apart and cover the crown bud under two or three inches of soil. Plant early to obtain best results. Mulch in the Fall.

Rich in color, attractive in form, and beautiful in foliage the Peony very appropriately has been called "King of Spring Flowers." Equaling in beauty, coloring and delicacy the finest roses, many of the fragrant varieties have the true rose odor.

Peonies are remarkably easy to grow, perfectly hardy, free from the many diseases and insects that attack so many plants, and will bloom year after year without re-

Peonies can be planted in every conceivable place—as single specimens, in large or small beds, against shrubs or in long rows bordering walks and drives. are always produced by mass plantings. Grandest effects

The Peonies we list are all our own growing, are true to name, and have been tried out in our nurseries at least three years. We supply only good, vigorous roots with 3 to 5 strong eyes, which insures power to grow.

Adolph Rousseand. Purplish red. 75c. each; 3 for \$2.00.

- SAXIFRAGE megasea crassifolia. Leather Saxifrage. (*) (†) 12-15 in. Drooping masses of pink flowers high above the large, clustered leaves. April-June 25c. ea.; 3 for 65c.; \$2.50 per doz.

The Phlox is one of the best all around garden plants, and should be generously planted.

HARDY PHLOX

For all-round reliability no other garden flower can excel the Phlox, which embodies all the qualities desirable in a plant—hardiness, upright carriage, pretty foliage, fra-grance, beauty and variety of color, immunity from disease.

Fortunately these gorgeous plants have a diversity of valuable use, being attractive as single specimens, in small groups or large beds, or when massed against a background of Shrubs. They are also ideal for cut flowers.

Bacchante. Tyrian rose; crimson-carmine eye; medium. B. Comte. Rich satiny amaranth; medium; late.

Commander. Deep crimson red, darker eye; tall. 25c. ea.; 3 for 65c.; \$2.25 per doz.

Emain Macha. Warm, glowing, deep flaming red. Very conspicuous. Low growing; fine for rock gardens. 35c. ea.; 3 for 95c.; \$3.50 per doz.

Enchantress. Bright salmon pink with darker eye. Resembles Elizabeth Campbell in color but of much stronger growth, and rich green, glossy foliage. 25c. ea.; 3 for 65c.; \$2.25 per doz.

Fuerbrand. Brilliant orange scarlet; medium; blooms very freely. 25c. ea.; 3 for 65c.; \$2.25 per doz.

Hauptman Koehl. Dark blood red. Large clusters on strong, tall stems. Individual flowers large. Keeps color in heat and rain. 30c. ea.; 3 for 80c.; \$2.75 per doz.

Jeanne d'Arc. Pure white; large flowering; late; tall.

Miss Lingard. Fine white, with pink eye; free bioomer; early; medium.

Morgenrood. Large clusters of a bright rose shade with deeper colored eye. A very distinct variety; dwarf. 30c. ea.; 3 for 80c.; \$2.75 per doz.

4 Lovely Phlox \$1.20 Postpaid

One each of the following four varieties in large blooming-size plants will be sent to any address for \$1.20 postpaid.

1 Emain Macha. Flaming red.

1 Hauptman Koehl. Dark red.

1 Morgenrood. Bright pink.1 Enchantress. Salmon pink.

See full description of each variety given on this page.

Mrs. Jenkins (Independence). Immense, compact heads of pure white flowers; midseason; tall.

R. P. Struthers. Bright rosy-carmine with claret eye; midseason; tall.

Rheinlander. Beautiful apricot pink; immense trusses of large flowers; early; medium.

Richard Wallace. Pure white with violet-red eye; midseason; tall.

Thor. Deep apricot-pink, suffused and overlaid with a scarlet glow; white halo surrounds the red eye; dwarf;

Widar. Light, reddish violet; large white center.

Price. Except where noted, 20c. ea.; \$1.80 per doz.

Dwarf Phlox, Mountain Pinks

PHLOX subulata alba. White Moss. (*) 4-6 in. Myriads of pure white flowers 1 inch in diameter completely covering the moss-like, evergreen foliage. Good in rockeries, in cemeteries, on terraces, between stepping stones and for edging borders. May.

P. lilacina. Lilac Moss. (*) 4-6 in. Flowers clear lilac.

V. alba. White Periwinkle. (*) (†) White flowering form of Vinca. 15c. ea.; \$1.20 per doz.; \$8.00 per 100.

VIOLA cornuta. Jersey Gem. Viola. (*) 5-6 in. Rich violet flowers, slightly perfumed. Vigorous, bushy growth. May-September. 20c. ea.; 3 for 55c.; \$2.00 per doz.

EXPERT GARDEN SERVICE AVAILABLE TO YOU

Our skilled men are available to do your pruning and spraying and other garden service in season. Often they are called long distances for such work as Rock Garden Construction, Landscape Operations, Big Tree Moving, Tree Surgery, Spraying, etc.

Your home grounds can be ordinary looking, or they can be a delight. All depends on what you invest in them. Neglect shows poor housekeeping and eventually leads to ruin. Be a good housekeeper. Your home should come first

Write for further information if interested in this helpful, expert service we can render you.

Campanula

Painted Lady

Hollyhock

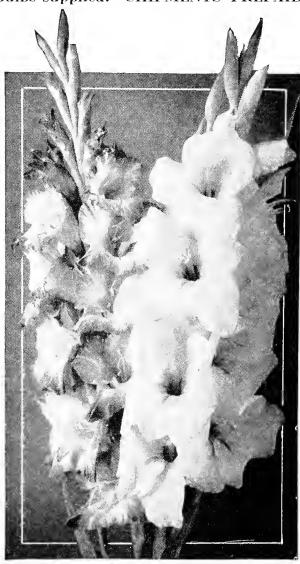

Gladioli—Most Popular Summer Bulbous Plants

Because of their graceful flower spikes, exceedingly beautiful in form and color, Gladioli have become the most popular of the Summer and Fall-blooming bulbous plants.

They show, too, splendid effect in group and mass planting or in the perennial border, and as cut flowers are particularly desirable for growing in the home garden. Cut just as the lower flower opens, keep in fresh water and the remaining buds will open. Remove the open flowers as they fade and the blooming spike can be kept fresh for a week.

Only ehoieest varieties and Blooming-size Bulbs supplied. SHIPMENTS PREPAID.

Assorted Gladioli

White, suffused lavender, Captain Boynton. blotched deeper in throat; very attractive. 3 for 15c.; 50c. per doz.

E. J. Shaylor. Beautiful deep rose pink; slightly ruffled. Prize winning variety. 3 for 15c.; 50c. per doz.

Giant Nymph. Extra large; very fine light pink suffused with cream yellow; tall habit. 3 for 15c.; 50c. per doz.

Golden Measure. Pure yellow, large flowering; tall; late midseason. 3 for 15c.; 50c. per doz

Halley. Delicate salmon-pink with slight roseate tinge, early blooming; large. 3 for 15c.; 45c. per doz.

Large flowering, salmon-pink Angeles. feathered cerise at throat; long stems; early. 3 for 15c.; 50c. per doz.

Gladiolus Culture

Gladioli prefer a light loam or sandy soil, and an open, sunny situation. No fresh manure should be added to the soil the year in which they are grown; if possible this should be done the preceding Fall.

Planting can be started in April, and every 10 days thereafter until July 1 for a succession of bloom. Late plantings will afford fine late flowers. Cover with three to four inches of soil. If the soil is heavy, plant at less depth. The plants may stand as close as six inches from each other.

After frosts, but before freezing weather, dig up the plants and dry in sun and air for a few hours before storing in a cool, dry, dark place. The tops should be left on until completely shriveled.

Minuet. Clear light lavender with just a hint of opalescent shading. This is considered the finest of all lavender varieties. 3 for 20c.; 75c. per doz.

Mrs. Dr. Norton. La France pink shading to a pink throat. Lower petals have creamy bases with carmine pencilings. 3 for 15c.; 50c. per doz.

Mrs. F. C. Peters. Beautiful orchid-lavender Throat stained deeply with wine-purple. Many flowers open at one time on tall spikes. 3 for 15c. 50c. per doz.

Mrs. Francis King. Light scarlet of pleasing shade; effective both in the border or when cut. 3 for 15c.; 45c. per doz.

Mrs. Frank Pendleton. Lovely flushed salmonpink, with brilliant carmine, or deep blood-red blotches in the throat. Exquisite. 3 for 15c.; 45c. per doz.

Naney Hanks. Apricot and orange-pink—unusual shade for Gladioli. Many flowers open at one time. 3 for 20c.; 75c. per doz.

Panama. Mauve-rose, large wide-open flowers wax like. Finest of the pink shaded Gladioli. 3 for 15c.; 50c. per doz.

Primulinus Hybrids. New race of remarkable beauty and daintiness; all shades of color, orange and gold predominates. 3 for 15c.; 40c. per doz.

Schwaben. Pure canary-yellow, shading to soft yellow, with purple tinge on lower petals. Largest and strongest yellow. 3 for 15c.; 50c. per doz.

Virginia (Scarlet Princeps). Flaming scarlet; large, massive flowers, many open at a time. 3 for 15c.; 50c. per doz.

Standard Gladioli Mixture

Includes mixed colors and types. This mixture will give general satisfaction.

All blooming-size bulbs, by express collect, \$20.00 per 1000; by parcel post prepaid, \$2.50 per 100; 35c. per doz.

SUMMER AND AUTUMN FLOWERING BULBS

Some of the showiest flowering plants of the easiest possible culture comprise the Summer and Autumn-Flowering Bulbs. They prefer a sunny position and should only be planted after all danger of frost is over. This class includes such favorites as Gladioli, Dahlias, Cannas, Caladium and Tuberose.

Plants of the correct age or bulbs of the proper size are requisite for best results and you can depend on us to furnish this kind.

BARR'S SELECT DAHLIAS

Out of the hundreds of varieties, many of which even an expert cannot distinguish apart, we have selected a number of the very best, and will furnish these in strong roots absolutely true to name.

CACTUS DAHLIAS

The Cactus type strongly resembles the Chrysanthemum, having long, narrow, pointed petals.

Countess of Lonsdale. Pleasing blending of salmon-pink and amber. 25c. each.

Esther R. Holmes. Pleasing mauve-pink; fine cut flower. 25c. each.

George Walters. Rich, coppery old gold, buff at center. 35c. each.

U. S. A. Rich crange; large size; good bloomer. 50c. each.

SINGLE DAHLIAS

These have one circle of ray petals surrounding the disk, and resemble the Cosmos although larger. Crimson Century. Rich, velvety crimson. 25c. ea.

DECORATIVE DAHLIAS

The Decorative-type is always full to the center and inclined to be flat or massive.

Jane Cowl. Deep massive blooms of orange buff and old gold, darker in center. Petals broad and slightly twisted. 75c. each.

Jersey's Beauty. Fine, large rose-pink. 25c. each. Jersey's Rose. Luminous Tyrian rose with red.

Patrick O'Mara. Soft orange buff, slightly tinged rose. 25c. each.

POMPON DAHLIAS

A small form of the show type. Especially desirable for cut flowers.

Klein Domitea. Bright, golden terra cotta. 25c. each.

Snow Clad. Pure white. 25c. each.

Culture of Dahlias

Select a well drained position where the plants will receive the benefit of the sun the greater part of the day. Dahlias flourish best in a deep, loose, moist soil, and on sandy soil if plant food and moisture are furnished.

Plant three feet apart in rows setting degreent roots.

Plant three feet apart, in rows, setting dormant roots out May 1 to 25, covering 3 inches deep. Started plants should not be set out until all danger of frost is over. After the plant has made two or three joints pinch out the center to make a bushy plant that will hear large blooms.

pinch out the center to make a bushy plant that will bear large blooms.

After the first heavy frost, lift the roots and dry them in the sun; then shake off the dirt, trim off tops and broken parts and store in dry, cool cellar, same as potatoes.

Cactus Dahlias (Fine for cut flowers)

CANNAS

Cannas are unexcelled for their gorgeous display of color lasting from planting time until frost. Planted in group masses they make a brilliant show. Water liberally throughout the Summer.

Strong, started plants, 5 to 8 in. high, out of 4 in. pots.

Apricot (3 ft.) Rich apricot shade, gold and coral center. \$2.00 per doz.

King Humbert. (4 ft.) Best bronze-leaved variety. Flowers orange-scarlet, flecked with carmine. \$2.00 per doz.

Mrs. Alfred F. Conard. (4 ft.) Silvered peachpink. \$2.00 per doz.

Richard Wallace. (4 ft.) Canary yellow. \$2.00 per doz.

The President. (5 ft.) Rich, glowing scarlet flowers of immense size. \$2.00 per doz.

CALADIUM (Elephant's Ear)

Immense light green leaves producing tropical effect. Large bulbs, 30c. each, postpaid. 3 for 75c.

TUBEROSE

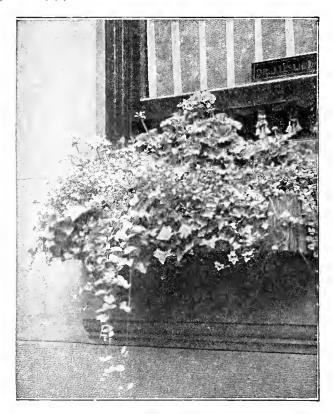

Long spikes of white, waxy, delightfully fragrant flowers on a stem 2 to 3 ft. high. Strong fresh bulbs, 10c. each; 3 for 25c.; 60c. per doz., postpaid.

Barr's Annuals for Quick Results

These are easily grown, give quick results and include some of the most showy garden flowers. They offer great variety of colors, form and foliage. Frequently used to fill bare spots in the Hardy Border and to supplement the Rock Garden. Most of the bedding types will furnish an abundance of cut flowers for the house.

(Ready to plant out about May 10).

Varieties marked (b) are especially adapted to bedding purposes; (e) for edging; (p) for porch boxes; (r) for rock gardens; (v) vines.

Geraniums, Petunias, Ageratum, Sweet Alyssum, Vincas, etc., will make up an attractive Window-Box; English Ivies, listed under Vines, also are good.

Achyranthes. (b) (e) Red leaved variety. $2\frac{1}{2}$ in. pots, \$1.00 per doz.; \$7.50 per 100.

Ageratum. (b) (e) (p) (r) Bright blue. 3 in. pots, \$1.00 per doz.; \$7.50 per 100.

Alternanthera. (e) Dainty foliage; yellow touched green, or red and green. $2\frac{1}{2}$ in. pots, \$1.00 per doz.; \$7.50 per 100.

Alyssum, Sweet. (e) (p) (r) Dainty, white flowers, $2\frac{1}{2}$ in. pots, \$1.00 per doz.; \$7.50 per 100.

Autirrhinum (Snapdragons). (b) Pink, copper, red, yellow. 3 in. pots, \$1.50 per doz.; \$10.00 per 100.

Asters. (b) White rose, purple; carly or late. Discase-resistant type. 30c. per doz.; \$2.00 per 100.

Begonias. (b) (p) Pink or deep rose. 2½ in. pots, 15c. each; \$1.50 per doz.

Calendula, Orange King. (Pot Marigold) (b) 30c. per doz.; \$2.00 per 100.

Coleus. (b) (e) (p) Separate or mixed colors, $2\frac{1}{2}$ in. pots. \$1.00 per doz.; \$6.50 per 100.

(b) Lavender, white and pink mixed; early. 30c. per doz.; \$2.00 per 100.

Fuehsias (p) For shady spots. 4-inch pots, 25c. each; 3 for 60c.; \$2.50 per doz.

GERANIUMS (b) (p)

Poilevine. Salmon pink. Radio Red. Dark red. Ricard. Bright red.

> 3 in. pots, 15c. ca.; \$1.50 per doz.; \$10.00 per 100. 4 in. pots, 25c. ea.; 3 for 60c.; \$2.00 per doz.

Heliotrope (b) (r) Small, fragrant, blue flowers in clusters. 4-inch pots, 25c. each; \$2.00 per doz.

Ivy, German. (p) (v) (r) Fast-growing; good for baskets. 2½-inch pots, 10c. each; \$1.00 per doz.

Lantana. (e) (p) (r) Mixed colors. 3 in. pots, 15c. each; \$1.50 per doz.; 4 in. pots., 25c. each; \$2.00 per doz.

Lantana, Trailing. (p) (v) (r) $2\frac{1}{2}$ -inch pots, 15c. each; \$1.50 per doz.

Lobelia, Trailing. (p) (v) (r) $2\frac{1}{2}$ in. pots, 10c. each; \$1.00 per doz.

Marigold. Guinea Gold. (e) Large double flowers in golden yellow. 30c. per doz.

Marigold. (e) Legion of Honor. Dwarf, single. Transplants, 30c. per doz.; \$2.00 per 100.

Moonflower Vine (Ipomoea Maxima) (v) Pure white flowers. 4-inch pots, 25c. each; \$2.00 per

Pansies, Mixed. (b) (c) (r) 50c. per doz.; \$305. per 100.

PETUNIAS (b) (p) (r)

Diener's Ruffled Monsters. Flowers ruffled and fringed; wide range of colors.

Diener's Pink Glory. Cheerful shade of rose pink. Elk's Pride. Large flowers; deep royal purple.

Rose of Heaven. Rich, brilliant rose color. Rosy Morn. Brilliant rose colored flowers, white throat; dwarf.

3 in. pots, \$1.25 per doz.; \$8.00 per 100. Transplants from flats, 60c. per doz.; \$4.00 per 100.

Salvia. (Scarlet Sage). (b) 3 in. pots, \$1.00 per doz.; from flats, 60c. per doz.

Thunbergia (Black-Eyed Susan). (p) (r) (v) Rapid growing; trumpet shaped flowers in various colors and markings. 3 in. pots, 10c. ea.; \$1.00 per doz.

Tradeseantia (Wandering Jew). (p) Green or variegated-leaved vines. 3 in. pots, 10c. each; \$1.00 per doz.

Seabiosa. (Morning Bride). (b) Blue, pink or red. From flats, 30c. per doz.; \$2.00 per 100.

Stock, Ten Weeks'. (Gilliflower). (b) 4-inch pots, 25c. ca.; \$2.00 per doz.

Verbenas. (e) (p) Cerise Beauty of Oxford or Pink Beauty of Oxford. 3 in. pots, \$1.00 per doz.; \$7.50 per 100; 4 in. pots, \$2.00 per doz.; \$12.00 per 100.

Vinea, Variegated. (p) (r) For vases or for trailing over edge of window boxes. 3 in. pots, 10c. each; \$1.00 per doz.; 4 in. pots, 20c. each; \$2.00 per doz.

Zinnias. (b) Scarlet, apricot or rose. From flats, 30c.per doz.; \$2.00 per 100.

Barr's "Will Grow" Annuals are Well Established, Vigorous Plants.

Barr's Heavy Yielding Fruit Trees

The trees listed here are the best in their respective varieties. They are the largest sizes that can be planted to best advantage, are straight trunked, true to name, and by reason of their unusual vigor will transplant successfully, make good growth, and give an early and abundant yield.

Heavy, No. 1 grade, selected trees; note large caliper (trunk diameter) of trees supplied.

STANDARD APPLE

Baldwin. Large, bright red, rich, juicy. Winter. Delicious. Large, unevenly shaped. Winter. Early Harvest. Small. Straw color. Acid. Early. Grimes' Golden Pippin. Medium. Sub-acid. Winter. Jonathan. Brilliant red; highly flavored, crisp and

Grimes' Golden Pippin. Medium. Sub-acid. Winter. Jonathan. Brilliant red; highly flavored, crisp and tender. Winter.

McIntosh. Medium to large, deep red. Winter.

Rambo. Large, yellow; rich and of good flavor. Early.

William Belt (Perfect). Firm, deep crimson, large, irregularly shaped berries of good taste. Late.

Strong, layer plants, 25c. per 10 of one variety; \$1.25 per 100; \$6.50 per 1000 of your selection.

EVERBEARING STRAWBERRIES

Mastodon. Large fruiting and most prolific. bearing continuously June to frost; good flavor. 40c. per 10; \$1.50 per 100.

What The Purchaser Thinks of Barr's Plants

A Pleasure To Deal With Barr's

All our Shrubs, Trees, etc., are doing nicely and we are very proud of them. It is a pleasure to deal with a firm that is so fair. Our Paul's Scarlet Rambler is beautiful. It must have a thousand Roses.

Mrs. Arthur Wolfe. Collingswood, N. J.

Glyndon, Md. I take this opportunity to express my appreciation of the quality and good condition of the Elms, all shipped without a scratch. Mrs. J. I. G.

Entire Village Beautified by Barr's Baltimore, Md. In carrying out the contract for the planting of the Operator's Village at Safe Harbor, Pennsylvania, you have supplied well trimmed and healthy stock and we particularly wish to comment on the care exercised in handling and planting this stock, leaving our grounds neat and trim in appearance

N. B. Higgins, Asst. Chief Engineer
Safe Harbor Water Power Corp.
Per Morris R. Baker

"Barr" Roses Superior To All Others

Received the Roses this morning and can say that they were the most wonderful bushes I received so far, and I bought about 90 bushes from different companies. Yours are far superior to all the rest.

Campbelltown, Pa.

Campbelltown, Pa.

Vours are far superior to all the rest.

State College, Pa. All plants we have received from your company have been perfectly satisfactory. We have growing on our lawn some very nice specimens of your Evergreens. F. H. S.

Finest of Plants, Says Minister

Let me tell you that the Roses arrived promptly and in splendid shape. Your plants and your service are the finest.

Rev. M. W. Remaly

Finest Specimens in Entire Town Bradford, Pa.

Our spruce trees are growing wonderfully well, and are more beautiful than I ever dreamed they would be. In fact, they are the finest specimen of spruce trees in the city, and we naturally are very proud of them.

Mrs. Hugh Grant

Insecticides and Fungicides

Ant Destroyer. Rid your lawns and tennis courts of ants. Usually only 3 applications are necessary. 1/4 lb., 30c.; 1/2 lb., 50c.; postage extra.

Antrol. Quickly destroys all species of sweet eating ants. The ants smell the syrup, eat it and

then transmit its mild poison to the queen in the nest. Soon entire ant colony is destroyed!

Prices—Antrol sets containing 4 containers and 4-oz. bottle of syrup, 75c.; Antrol extra containers (each), 10c.; Antrol syrup, 4-oz.

bottle, 35c.; pints, 85c.; gals., \$3.50.

Aphistrogen. Kills aphids (plant lice), also refreshes and invigorates the foliage. Invisible, non-poisonous, will not turn foliage yellow. 2 oz., 50c.; ½ pt., \$1.25; 1 pt., \$2.25; 1 qt., \$3.50.

Arsenate of Lead (Powdered). To combat leafeating insects. Use 1 to 1½ lbs. to 50 gal. water. 1 lb., 30c; 4 lbs., \$1.00; 10 lbs., \$2.25.

Black Leaf 40. For aphis and all sucking insects. 1 oz., 35c.; 5 oz., \$1.00; 1 lb., \$2.25.

C. P. O. Liquid insecticidal soap spreader that increases the efficiency of contact spray solutions. Odorless; non-poisonous; does not discolor foliage. 3 oz., 25c.; 1 qt., \$1.00.

Dogzoff. Will keep dogs, cats or rabbits from any place where they are not wanted. Not poisonous to plants and will not injure animals. 70c. postpaid.

Fish Oil Soap. Excellent remedy for scale and aphis. 1 lb., 30c.; 5 lbs., \$1.25, postage extra.

Fungtrogen. Effective and scientific preventive and remedy for mildew, black spot and other fungus diseases of plants, especially Roses; equally valuable for rust of Phlox, Hollyhocks, Delphiniums, etc. Invisible on foliage or blooms. ½ pint, 75c.; 1 pint, \$1.25; 1 qt., \$2.00.

Insectrogen. Kills lcaf-eating insects, also has definite value for black spot on roses. Adheres to foliage long time, killing insects present, those hatching later or coming from unsprayed plants. 4 oz., 60e; ½ pint, \$1.00; 1 pint, \$1.75; 1 qt., \$2.75.

Mologen. For effectively eliminating moles from lawns. Will not injure soil or grass. Odorless. Non-poisonous to humans or pets. $\frac{1}{2}$ lb., 50c.; $\frac{11}{2}$ lb., \$1.25.

Paradichlorohenzene. Kills peach tree borers. Use 1 oz. to a tree. 1 lb., 50c.; 25 lbs., \$8.75; 50 lbs., \$16.00; 100 lbs., \$29.00.

Pomodust. For mildew and black spot. 1 lb., 50c. Dust Guns to apply same, \$1.00 each.

Pyrox. (Bordeaux Calcium Arsenate Paste.)
Combination of Bordeaux Mixture, Nicotine and
Calcium Arsenate. To combat chewing insects,
fungus growths, mildews, etc. Use 10 oz. to 2
gals. of water. 10 oz. jars, 50c.; 40 oz. can, \$1.75.

Red Arrow. Fatal to both chewing and sucking insects. 1 oz. (makes 4 to 8 gal. of spray), 35c.; 1/4 pt., \$1.00; 1 pt., \$2.00.

Semesan. Disinfectant for seeds, bulbs, roots and tubers; to prevent and control diseases resulting from bacteria and fungi. 2 oz., 50c.; 1 lb., \$2.50.

Snarol. Quickly kills Snails, Cutworms, Slugs, Grasshoppers, Sowbugs, Earwigs, etc. A ready prepared meal for the pests, to be broadeast on the ground under the vegetation. 1½ lbs., 35c.; 4 lbs., 85c.

Sprayers. Heavy tin; capacity 1 quart. 50c. each. All brass, continuous high-pressure sprayer; combination nozzle; 1 quart capacity; leak-proof. \$1.85 each.

Sulphur. Useful for dusting roses affected with mildew or black spot. 1 lb., 15c.; 5 lbs., 50c.; 10 lbs., 85c.

Sunoco. Most effective spray for scale insects. 1 gal. makes 30 to 75 gal. of spray. 1 gal. \$1.25; 5 gal., \$5.00; 50 gal. drum, \$20.00.

Tobacco Dust. Excellent dusting insecticide with fertilizing value; apply liberally to plants and on surface of soil as a mulch. 1 lb., 15c.; 5 lbs., 50c.; 25 lbs., \$1.25; 50 lbs., \$2.00; 100 lbs., \$3.00. (5 lbs. or less by prepaid parcel post, larger quantities by freight.)

Tree Tanglefoot. Easily applied, effective, economical and non-injurious protection for fruit, shade and ornamental trees againstants, caterpillars and all crawling insects. One pound is sufficient for 12 to 15 ft. of band. Also useful for waterproofing wounds in trees. 1 lb. can, 60c.; 5 lb. can, \$2.75. Postage extra.

Save By Buying Plants From Barr's By Mail

Customers ordering by mail or allowing selection by us are assured their wants will be taken care of just as satisfactorily as if they had spent considerable of their own and our time necessitated in making their selections from the hundreds of thousands of plants in our nurseries. We take pride in pleasing and you always get full money's worth.

Each order is individually treated. This insures freshly dug plants. We do not carry any plants in storage. Mail orders, therefore, receive the same careful attention that would be given a personally selected purchase.

How to Remit When Ordering

Cash should accompany order. Remit by post office or express money order, registered letter or bank draft. Postage stamps accepted up to \$2.00 in small denominations only.

The right is reserved to advance prices without further notice, depending on market conditions. All prices, unless otherwise stated, are F. O. B. Nurseries.

When unusual plants are personally selected in the nursery the price will be in accordance with the value of the specimen selected, rather than catalog list price.

Ideal Shipping Facilities

Our shipping facilities are ideal, the Lincoln Highway, the Pennsylvania Railroad and the Reading Railroad, putting the nurseries in quick and easy communication with all points.

We make no charge for packing retail orders for Evergreens up to 4 ft. or trees up to $2\frac{1}{2}$ in. in caliper. For all sizes larger add 25c per foot for

Government Certified Plants Furnished

Barr's "Will Grow" Plants are shipped anywhere under certificates from the U. S. Government and Penna. Dept. of Agriculture, showing them to have been thoroughly inspected and found free from insect pests and fungus diseases.

You are thus assured of receiving perfectly healthy, vigorous plants.

Evergreens, and 20% to catalog prices for Trees. This is to cover cost of materials and crates.

Free deliveries by truck within a radius of 50 miles can be arranged for when a full truck load of stock (approximately \$200 worth) is purchased by one or more customers in a community. Beyond the free delivery zone mentioned, truck deliveries may be arranged for at a nominal cost.

Parcel Post Charges

Trees, Evergreens and Shrubs (except where especially desig-

nated prepaid) are too large to mail. On other orders that can be mailed please add:

 $5\,^{\rm ee}_{\rm e}$ of the amount to cover postage (except postpaid offers), to points in Pennsylvania, New York, Connecticut, Rhode Island, New Jersey, Delaware, Maryland, Virginia and West Virginia.

 $10^{C_{\ell}}$ elsewhere east of the Mississippi River. $20^{C_{\ell}}$ to Gulf States and beyond the Mississippi.

Minimum charge where required to cover east of mailing, 15c.

All Plants Genuine and True to Name

We exercise the greatest care to have all stock genuine and true to label, holding ourselves ready to refund the purchase price or to replace any plant that proves untrue. We do not give any warranty, express or implied; and in case of error on our part, it is mutually agreed between the purchaser and ourselves that we shall not be held responsible at any time for a greater amount than the original price of the goods.

"Will Grow" Plants Fully Guaranteed

The B. F. Barr Nurseries Guarantee:—

All plants to be freshly dug for each order and to reach you in good, healthy, vigorous condition.

Money Back If Not Satisfied on receipt of plants. We will refill your order free on plants that do not start growth at first growing period provided plants were purchased on a cash basis, or if credit is extended that payment is made within 30 days. After plants have once started growth,—indicating a healthy, satisfactory condition,—our responsibility ceases.

B. F. BARR NURSERIES

BETTER TIMES (U. S. Plant Patent No. 23)

Most Promising New Rose for 1935

\$1.50 each; \$15.00 per dozen.

Brilliant cerise-red flowers that are large, double, delicately fragrant. Produced on long, strong stems. Excellent for cutting. A very free, full bloomer. Buds are long and interesting. Foliage is leathery, dark green.

See Page 3 for additional new varieties of exceptional merit. For Standard Rose varieties see Pages 32, 33 and 34.
